NO. 116—SIXTY-SECOND YEAR | VICTORIA, BRITISH COLUMBIA, THURSDAY, APRIL 29, 1920 | TWENTY PAGES

PENSIONS MATTER MAKING PROGRESS

Special Committee Deals With Recommendations Offered by Great War Veterans' Association—Seven of Clauses Are Disposed of—End of Pensions Inquiry Is Near

MEMBERS OF COMMITTEE FIND GRIEVANCE OF MEN

Insufficient Expense Money Allowed When Pensioners Are Obliged to Attend Medical Boards—Suggestions of More Liberality Sharply Made to Pensions Board Officials

OTTAWA, April 28. — The Great War Veterans' Association pensions recommendations, passed at the annual convention of that organization, are now before the special committee of pensions and re-establishment. This stage in the committee's work means that the end of the pensions investigation is nearly here.

The first seven clauses of the Great War Veterans' Association recommendations have been dealt with. The first six were placed before the committee without any further presentation of evidence than has already been heard.

C. G. Macneill, Dominion Secretary, said that these, referring to increase in pensions to totally disabled men and to dependents, had already been covered in the evidence heard.

Clause 7 of his recommendations, "that all expenses incurred by pensioners during attendance at medical boards be paid, and that such expenses include compensation for loss of time from employment," provoked some lively passages between members of the committe and Pension Board officials. The latter had stated that a man was paid in all $3.75 a day in addition to $1.10 army pay, for the time he was attending medical boards. Members of the committee, notably Dr. Peter McGibbon, H. B. Morphy and Colonel James Arthurs, protested that the allowance would not cover a man's expenses.

Mr. Morphy demanded to know if the Pensions Board had power to revise it. Col. Margeson replied in the affirmative. "Then why don't you do so?" asked Mr. Morphy.

Dr. J. W. Brien suggested a flat rate of $3 a day in addition to expenses to all men attending medical boards. The clause was still under discussion at adjournment.

Officials of the Department of Soldiers' Civil Re-establishment were on the stand during the afternoon.

The patients had complained that they had "to be adjudged paupers and scarecrows" before they could secure an issue of clothing. They were also being charged $23 for overcoats, but this was returned at the rate of $1 a month as long as the man was in hospital.

CIVIC EMPLOYEES ASK CONCILIATION BOARD

Want Their Dispute With City Council Over Wage Increase Referred to Impartial Tribunal

After a two hours' thorough discussion of the whole matter the members of the Civic Employees' Union at a meeting held last night at Labor Hall decided to demand that the dispute between the organization and the city Council over wage increases be referred to a Board of Conciliation under the Industrial Disputes Act. Of the sixty-seven civic employees present more than a two-thirds majority favored the move to ask the City Council to agree to have a Board of Conciliation named.

Strong objection was taken to the ten per cent increase for those drawing less than $150 as proposed by the City Council, especially in view of the fact that the proposed increase does not affect the street sweepers who, under the Council proposals, are not to secure any increase. The employees' organization takes the stand that the sweepers, because of their present wages of $3.75 per day and less are least able to get along without an increase and if, as the Council on previous occasions has threatened, they were laid off, the majority of them would actually become a burden upon the City.

What action will be taken in the event of the City Council refusing to agree to the appointment of a Board of Conciliation, is a matter which the employees decided to leave over to be dealt with as the occasion warrants.

The meeting also passed a resolution opposing the introduction of a daylight saving plan, it being reported that there is now in circulation a petition praying the City Council to bring such a plan into effect.

NEW ZEALANDERS OFFERING CARS

Anxious That Prince of Wales May Be Able to Make Tour of Island—Railway Strike Changes His Plans

ROTORUA, N.Z., April 28.—In view of the railway strike throughout New Zealand, the programme of the Prince of Wales has been somewhat disturbed. The Prince, who has been visiting the hot springs near Rotorua, probably will return to Auckland on Thursday and proceed to Wellington by sea.

New Zealanders, who are desirous that the Prince shall not be inconvenienced or prevented from making the tour of the island, which he had so eagerly anticipated, are showering offers of motor cars on him, but up to the present he has failed to take advantage of any of these courtesies.

The Premier has gone to Wellington to assemble the Government to deal with the strike. The walkout was called following a demand of the locomotive engineers and firemen for higher wages.

Thousands of men are involved in this strike, the preparations for which were made long ago.

It is declared that the strike movement is not directed against the Prince.

STATUS OF GERMAN PROPERTY HOLDERS

VANCOUVER, April 28.—German holders of Vancouver property will be given a fair chance to avoid foreclosure and the right to redeem, according to a ruling made today in the Supreme Court by Mr. Justice Macdonald.

Before the war Countess Mira Dornhoff, Countess Elsa Dornhoff and Count Bogislav Dornhoff, of Berlin, Germany, purchased an apartment house in this city for $90,000, paying $26,000 cash and assumed a mortgage.

The amount remaining unpaid is $22,000, and today a local firm asked for foreclosure. The defendants, through the British Charge d'Affaires in Berlin, have cabled asking for delay to enable defence to be entered, and this the Judge was inclined to grant.

Tank Steamers Go to U. S.

LONDON, April 28.—The eight tank steamers which have been the subject of a long discussion by the reparations commission of the peace conference as to what nation should receive them, have been awarded to the United States for temporary management.

SOVIET'S REPORT ON SUPPRESSION

BERLIN, April 28. — The Moscow Izvestiya, a copy of which has been received here, prints the last instalment of the report of the extraordinary commission, appointed for combatting the counter-revolution during 1918 and 1919. In this period the commission arrested 128,000 persons, of which 21,032 were accused of counter-revolutionary crimes, 19,873 of offences committed as officials, 8,367 of speculation and 9,514 for expressing anti-governmental opinions.

The persons shot aggregated 9,641. The figures refer only to the work of the Moscow and Petrograd commissions.

CHARLES A. PORTER DIES IN VANCOUVER

VANCOUVER, April 28.—The death occurred at his home here today, after a long illness, of Charles A. Porter, in his forty-eighth year.

The late Mr. Porter was a native son of Victoria, his father being the late Robert Porter, of that city. Deceased was a partner in the Victoria firm of R. Porter & Sons, but he had resided in this city for some time. He was prominent in fraternal societies, and was a member of the Masonic order.

OFFER QUESTIONS FOR U.S. SENATE

Members of British House of Commons Bring Up Situation of Philippines—More Pertinent Than Ireland

LONDON, April 28.—The United States Senate's Irish resolution was brought up in the House of Commons today, and drew several pointed questions.

Ronald McNeill, Unionist member for the Canterbury division of Kent, asked the Government if it had "any official information regarding a manifesto to be issued in Washington by an organization known as the Philippines commission for independence, in which it was maintained that American belief in the principle of self-determination would be demonstrated more impressively by conceding the repeated demands made for independence by ten and one-half million inhabitants of the Philippines than by passing resolutions in the Senate expressing sympathy with the cause of Irish independence," and whether "as a mark of respect for the American Senate," the House of Commons would be enabled to follow the precedent of the Senate by moving a resolution in support of the Philippine demand for self-determination.

Mr. Andrew Bonar Law, replying for the Government, said he had no information on the question, which did not seem to be one in which Britain was concerned.

Numerous other questions followed, and Sir Edward Carson, the Ulster Unionist leader, asked whether it was not better for each country to leave the other alone.

Mr. Bonar Law replied he thought that in other words that was his answer.

Old G. T. R. Official Dies

MONTREAL, April 28.—The death is announced today of J. E. Duval, general superintendent of car service, Grand Trunk Railway. Mr. Duval was 60 years old, and died after a brief illness. He was for many years connected with the Canadian Atlantic Railway, now a part of the Grand Trunk Railway system, with headquarters in Ottawa.

HOUSE AMENDS DRUG MEASURE

Remaining Clauses Are Dealt With in Committee and Bill Is Reported — "Narcotic" Drugs Specified

SHIPPING BILL WARMLY DEBATED

Minister Ballantyne Insists Inspection Provisions Nothing New — Maritime Province Members Are Dissatisfied

OTTAWA, April 28.—The House today went through the remaining clauses of the bill to amend the Food and Drugs Act, disposed of some minor legislation, discussed such widely differing topics as oleomargarine and, with considerable heckling, debated a bill to amend the Canada Shipping Act. The food and drugs bill was reported with a further amendment—already the bill had been much amended—stipulating that the bill applies to narcotic drugs.

Debate on the bill to amend the Canada Shipping Act led to some warm passages between Hon. C. C. Ballantyne, Minister of Marine, and Liberal members from the Maritime Provinces. The main point was whether the bill was introducing something new in the way of steamboat inspection.

Mr. Ballantyne argued that the clause in the bill merely provided for the imposition of fees for inspection. There was no new principle introduced, for there had been Government inspection of steamboats in addition to inspection by Lloyd's agents for the last 30 years.

Eventually the bill received third reading and the House discussed oleomargarine on a resolution by Dr. Tolmie, Minister of Agriculture, to amend the Oleomargarine Act, 1919. Under the resolution, which precedes a bill, the time limit for importing and manufacturing oleomargarine is extended to August 31, 1920, and for sale of oleomargarine to March 1, 1922.

CANADA SHOULD BE REPRESENTED

New York Paper Points to Proposed Diplomatic Change at Washington as Logical Development of Situation

NEW YORK, April 28.—Under the heading "Canada at Washington" The Evening Telegram today says editorially:

"For more than 100 years the boundary between the United States and the great neighbor to the north has been an invisible one. It is marked by no fortresses, protected by no guards, and no passports are required in passing from one side to the other. The Canadian who comes here, like the American who goes to Canada, is not conscious of being in a strange land. He finds ideas on all sorts of subjects similar to his own, just as he finds a way of living like that to which he is accustomed.

"As the Dominion is the conspicuous exception to the rule in matters of our relations to other powers, it is only reasonable that she should receive special treatment, and that the diplomatic corps at Washington should be divided into two bodies, in the one being the ambassadors and ministers regularly accredited to us and in the other the minister from Canada.

"In fact, so suggestive will be the innovation when it is made, that even a statesman of the eminence of Sir Robert Borden could afford to be the first representative of his country at Washington should he decide to retire from the premiership in the near future, as he is expected to do.

"Of course, the pedants will point out that the very idea of a Canadian Minister would be quite contrary to the rules of international law. But even so, as the status of the Dominion in the British Empire, and in relation to ourselves is unprecedented, it calls for special ingenuity on the part of the two peoples in arranging for their future neighborly existence."

TRANSFER OF BONDS SUSPENDED FOR MONTH

OTTAWA, April 28.—Notice is given by the Finance Department that on account of the interest payments due June 1, the transfer books of the 1915-25 War Loan and the 1917 Victory Loan will be closed from April 30 to May 31, inclusive. Bonds which are received at the department for transfer after April 30 will not be transferred until after the opening of the transfer books on June 1.

Fisherman Dead in His Boat

PRINCE RUPERT, B. C., April 28.—Charles W. Hess, a fisherman, was found dead here today in the cabin of his gas boat, the Nadu. A steel spike which he had used in starting the engine of the boat had been driven through the dead man's hand. It is thought that the engine backfired and that death was accidental. Hess had been dead about six hours when found.

TREATMENT OF IRISH PRISONERS DETAINED AT WORMWOOD SCRUBS TAKEN UP IN HOUSE OF COMMONS

Mr. T. P. O'Connor Couples It With Threatened Strike at Liverpool—Home Secretary Shortt Declares Government Will Not Be Moved by Any Threats of Strikes

LABORERS' LEADERS AGAINST WALKOUT

Sinn Fein Prisoners in Belfast Jail Now Follow the Prevailing Fashion—Crowds Clash Near Wormwood Scrubs—Lord Mayor-Elect Kelly Is Released, and Goes to Dublin

LONDON, April 28.—T. P. O'Connor, Nationalist member for Liverpool, moved the adjournment of the House today to call attention to the treatment of prisoners in Wormwood Scrubs and the threat of a strike at Liverpool.

James Sexton, Labor member for St. Helens, and secretary of the National Union of Dock Laborers, said that the leaders of the dockers' union discountenanced any such strike, in spite of the Sinn Fein.

Sir Donald Maclean, Liberal, appealed to the Government for some philosophic act of statesmanship enabling the discontinuance of coercion and repression in Ireland, and made suggestions for the ameliorative treatment of prisoners, which Mr. Edward Shortt, the Home Secretary, in a subsequent speech defending the policy of the Government, promised to bring before the Government. He added that the Government had no intention of yielding to threats from the Liverpool dockers. Every consideration was being given the prisoners, but they must be prevented from returning to Ireland to continue their evil courses.

Mr. O'Connor's motion was defeated, 147 to 52.

BELFAST, April 28.—Some 200 Sinn Feiners have been on a hunger strike in the Belfast jail since last Monday, when the governor of the prison refused their demand for unconditional release. Four of the men have been removed to the prison hospital.

The military is guarding the prison, which is surrounded by electrified barbed wires.

Conflict at Prison

LONDON, April 28.—Sinn Fein demonstrations at Wormwood Scrubs lead to conflicts with an anti-Sinn Fein crowd. Several persons were slightly injured, and two Irish priests were roughly handled.

Kelly Returns to Dublin

DUBLIN, April 28.—Tom Kelly, Lord Mayor-elect of Dublin, and Sinn Fein member, released from the Wormwood Scrubs prison in England because of ill-health, returned to Dublin today. It is said that he will not be able to take office because of the effects of his incarceration.

He had been under arrest since May, 1916, on charges growing out of the Irish revolt of that year.

A dispatch from London February 17 said Kelly's release was due to his state of health. The order of internment, it was added, was not revoked, and it was stated that Kelly was informed he would be arrested again if he should attempt to return to Ireland. During his convalescence Kelly was ordered to report his movements to the authorities. Kelly was elected Lord Mayor of Dublin by the Sinn Feiners early in the present year, while still a prisoner.

He was installed, although absent from Dublin, on February 23, by the City Corporation of Dublin. The outgoing Lord Mayor, Lawrence O'Neill, in his absence at the time referred to the serious illness of Kelly, and said that, pending Kelly's recovery, he would consult with him and continue the duties of Lord Mayor in accordance with Kelly's wishes.

BRITISH BUDGET PASSES COMMONS

LONDON, April 28.—Austen Chamberlain, Chancellor of the Exchequer, has carried the whole of his budget proposals. Motions for the rejection of an increase in the excess profits duty and the corporation tax were defeated in the House of Commons tonight by a vote of 287 to 75.

Mr. Chamberlain, defending his proposals, said it was his duty to make a real effort while trade was prosperous to reduce the vast load of debt, which was a potential danger to the country's credit.

Killed by Train

CALGARY, April 28.—Sam Pritchard, a bridgeman of the Canadian Pacific Railway, was instantly killed in the Wetaskiwin yard yesterday, when he was struck by a train while walking too close to the track.

SHOWS EXPENSE OF VICTORY LOAN

Commissions Paid Are Highest in Quebec Province and Lowest in B.C.—Statement of Dominion's Assets

OTTAWA, April 28.—A total of $1,110,402.37 was paid out by the Minister of Finance in commissions to canvassers and brokers who handled the last Victory Loan. These fees run proportionately higher in Quebec Province than elsewhere. In Quebec $852,952.17 was paid on this head, representing .22 per cent of the total subscriptions to the loan. In Nova Scotia $57,575 was paid out, or .20 per cent of the subscriptions. In Saskatchewan the figures are $38,900, or .18 per cent. In New Brunswick, $26,500, or .17 per cent; in Ontario, $538,670, or .15 per cent; in Manitoba, $54,200, or .13 per cent; in Alberta, $19,150, or .11 per cent, and in British Columbia, $22,455, or .06 per cent. Prince Edward Island did not cost the Federal Government anything in brokerage or commissions.

A return tabled in the House today shows that Canada's total assets at the end of 1913 were $1,076,537,461.27, on which the country received as interest $15,732,775.29, or 1.46 per cent. This rate was more than twice as high as in 1918, when the country received as interest $7,421,001.58 on total assets of $1,102,104,692.34.

New Packing Company

WINNIPEG, April 28.—Senators Aime Benard and W. H. Sharpe, with several other well-known Western men representing a packing company recently incorporated, have purchased the plant of the Manitoba Abattoir and Packers, Ltd., for $200,000 cash, it was learned today. The new company will be known as the Farmers' Packing Co., and will conduct a meat-packing business.

MAGISTRATE CENSURES A DOMINION OFFICIAL

Declares Public Health Officer Assumes Greater Powers Than a Judge

Messrs. Fenerty Bros., grocers, of Oak Bay, were prosecuted in the City Police Court yesterday by the Dominion Department of Health on a charge of selling adulterated baking powder. The prosecution was conducted by Mr. J. A. Rickey, Inspector of Foods for the Dominion Government. Mr. R. C. Lowe appeared for the defence.

The inspector testified that he had purchased three tins of White Star baking powder from the defendants. He had submitted one of the tins for analysis to R. J. Dawson, public analyst, of Vancouver. The analyst certified that the baking powder was adulterated.

The cross-examination of the witness by Mr. Lowe disclosed a curious practice of the Dominion Department of Health. The witness admitted that he had offered to accept the minimum amount of the legal fine from the defendants, in lieu of prosecution in the courts. This they had refused to pay. The witness said that was a customary procedure of the department. Where the retailer was innocent of knowledge that the article offered by him for sale was impure, and where there had been no previous prosecution for a similar offence, the witness said he was empowered by his department to accept the amount of the minimum fine in lieu of legal proceedings.

Magistrate Jay commented on this practice in severe terms. "You are assuming more responsibility than a Judge possesses," he said. "If this is the practice in such cases, it is time it was stopped."

Mr. Lowe contended that the prosecution had failed to comply with the provisions of the law in this matter. The law required, he said, that a sample of the actual article, out of the same receptacle as that from which the analysed sample is taken, must be preserved for the benefit of the defendant. In this case other tins only of the same article had been kept. Magistrate Jay reserved judgment until next Friday.

SUGAR PRICE RAISED AT SAN FRANCISCO

SAN FRANCISCO, April 28.—The Western Sugar Refining Company today announced a basic price of $22.75 a hundred pounds for sugar, an increase of $5.75 over night.

The jobbers are under a trade understanding to confine their profits to approximately one cent a pound, while the retailers have been turning sugar over for an advance of between two and two and one-half cents above the jobbers' price. This would bring the latest price on Western Refinery sugar to the consumer to 26.25 cents a pound at the San Francisco board, with freight added to other points.

D'Annunzio's Acts Indicate Insanity

Poet-Adventurer Sends Out Remarkable Document Concerning His "League of Fiume"—Causes His Gunners to Throw Shells Near Italian Destroyer—Fiume Closely Blockaded

FIUME, April 27.—Gabriele D'Annunzio's foreign office gave the Associated Press today the text of a message to be dropped from airplanes on the next Council of Premiers. D'Annunzio planned to shower the San Remo conference but did not start soon enough. The message reads:

"The League of Fiume, a coalition of peoples oppressed and wronged by Anglo-Saxon hegemony, by the pseudo-league of nations, and by the peace conference, has been constituted.

"Gabriele D'Annunzio, defender of Italy's Eastward march, is its chief. He has already the adherence of Ireland, Egypt, India, Persia, Afghanistan, the whole of Islam and the oppressed peoples of the imperialistic Belgrade government, including the Croats, Montenegrins, Albanians, Bulgarians and Macedonians. In contrast to the pseudo-league of nations, it will cause the rights of nationalities to prevail.

"The peoples enslaved by the British Empire and by the United States must be delivered. The Germans, made subject by hateful governments thirsty for revenge, must be restored to their country. The monstrous edifice built by the International bank over the bodies of ten million dead must be destroyed."

Sends Shells Near Destroyer

FIUME, April 27.—Gabriele D'Annunzio's battery opened fire yesterday evening on an Italian torpedo boat destroyer in the vicinity of Fiume. The shells, of which twenty were fired, fell 1,000 yards in front of the vessel. There were no casualties.

The destroyer did not turn from her course, and made her landing safely.

D'Annunzio's action was in reprisal for the complete blockade of his stronghold by General Caviglia.

It seemed apparent that no effort was made to hit the destroyer, and that the firing on it was to intimidate its commander and bring about the surrender of the boat. The destroyer at the time was right under the 14-inch batteries of the Italian dreadnought Dante Alighieri.

TRIESTE, April 28.—The blockade which Fiume is now undergoing is admittedly the most severe to which it has been subjected. The communications of the town have been completely cut off, regular Italian troops tearing up sections of the railway and bringing up numbers of machine guns to guard the frontiers. Passage in and out of the city is absolutely forbidden, not even milk going in, and connection with the outside world by the sea route has been completely severed.

Reflects on Changes Brought On by War

Sir Auckland Geddes, in Address to U.S. Chamber of Commerce, Dwells on Need of Assistance to Worn Countries—Asks Whether America Will Co-operate in the Task

ATLANTIC CITY, N.J., April 28.—Changes have been wrought by the war in England, which "almost deserve the title of revolution," Sir Auckland Geddes, British Ambassador, said tonight in an address before the annual convention of the United States Chamber of Commerce. "But new classes have been enfranchised, he said, and the working classes, strongly anti-militaristic, now hold "ultimate political power."

"They seek to limit the nation's power," the speaker declared, "to secure tranquility in Asia Minor, in Asia and Africa. Silently and without fuss they have reduced the army to a strength many think barely sufficient to police the Empire. They are determined to deal with problems of health, housing and education. They see clearly that to secure their purpose they have to end the rancors and animosities which have torn Europe and brought her to the brink of disaster."

Reports of dissensions between representatives of Great Britain and France and Italy at San Remo are "fantastic," the Ambassador assured the Chamber.

"The great question you have to decide," he continued, "is this: "Are you going to stand by and wait for Europe's troubles to come after you, as come they will, or are you going out to help Europe—and, remember, I am excluding the European part of the British Commonwealth of Nations—to win through to reasonable conditions?"

"I dare not presume to suggest what your answer should be. But this I believe from the bottom of my heart, that all the nations of Europe, including Germany and Russia, have to be got back to work and solvency before the world is going to be safe and comfortable for democracy or business or trade, or for anything that makes the life of millions worth living.

"These are difficult times for all of us. We need sanity, courage, good will, the rooting out of suspicion, the dying away of anger.

"I know you as a nation well enough to prophesy that when the building of a new world is done, you or your sons will be able to look back and say: 'I am glad that we took the larger view; this is our handiwork, as well as theirs.'

"I wonder if you know how great your nation is? I am not thinking of square miles or dollars, or population. I am thinking of the American spirit—one of the three or four great powers—the great forces of the world."

Edwin T. Meredith, Secretary of Agriculture, and Admiral William Benson, chairman of the U.S. Shipping Board, were other speakers before the general session.

Farming was pictured as confronted with more serious difficulties than any other American industry by Secretary Meredith.

PRINCE COMPLETING NEW ZEALAND TOUR

ROTORUA, New Zealand, April 28.—Railroad traffic has been suspended throughout the northern island of New Zealand as a result of the strike of engineers and firemen, but it is not expected to delay the progress of the Prince of Wales, who is visiting this country, as the walkout is not directed against him. Thousands are involved in the strike, preparations for which were made long ago.

LONDON, April 28.—Maori tribesmen, formerly enemies of the British in the Maori war, refused to be represented at Rotorua in welcoming the Prince of Wales upon his arrival there, says a Central News dispatch from Auckland. They pointed out that their presence would associate them with other tribes, against which they made a protest. Chiefs of the Maoris threatened that if the Prince did not stop at their village to receive them, they would hold up his train by lying down in front of it. They finally promised not to create a disturbance if permitted to welcome the royal visitor.

Detroit Street Car Men's Demands

DETROIT, Mich., April 28.—The Detroit United Railway Company today received demands for a wage adjustment of its three thousand city and interurban carmen. One dollar an hour is the maximum asked by the employees, the rate ranging downward to 95 cents for new men. Company officials agreed to meet a committee of the men, but informed them that their demands were so high there was little hope of their being able to meet them.

SETTLEMENT ACT TO BE AMENDED

Minister of Interior Explains Provision Relating to Nurses —Gives Figures Regarding Soldiers Taking Up Land

OTTAWA, April 28.—The House went into committee on a bill to amend the Soldiers' Settlement Act, after giving it second reading.

In answer to Jacques Bureau, of Three Rivers, Hon. Arthur Meighen, Minister of the Interior, said that one purpose was to define the responsibility of the Soldiers' Settlement Board respecting women. Women who had served with the British army as nurses were not included among those who could come under the act. Women who had served in the Canadian army were entitled to the privileges under the act.

Ernest Lapointe asked why the land settlement privileges were not granted to women who served as nurses in British hospitals. The Minister of the Interior answered that the primary purpose of the whole settlement programme was to secure settlers. Canadian nurses were included because they might have children who would be able to help on the land.

Mr. Meighen stated that about one-quarter of the men who qualified under the act, or 6,500, had taken up lands. Others have bought land. There was, of course, plenty of land available for purchase by soldiers. Up to March 31 last, 50,422 returned men had applied for land settlement privileges, 36,330 had qualified, and about 1,556 were now being trained to work on the land.

William Duff, Lunenburg, made a strong plea for some measure of re-establishment of soldier fishermen. This class of returned men was just as much entitled to help as farmers. He hoped something would be done this session.

Hon. Arthur Meighen said the question was now before the special committee on re-establishment.

BRITISH GOVERNMENT TO FLOAT NEW BONDS

LONDON, April 28.—Mr. Austen Chamberlain, Chancellor of the Exchequer, announced in the House of Commons today that, in order to make further provision for reduction of the floating debt, the Government had decided to offer for public subscription on Monday next new Government bonds, maturing in from five to fifteen years.

The issue price will be at par. The bonds will carry five per cent interest, Mr. Chamberlain added, but additional interest up to 2 per cent may be payable during a period of five years, according to the discount rate of treasury bills.

Winnipeg Wage Demands

WINNIPEG, April 28.—Demands for a straight increase of 25 per cent in wages were made by building trades workers before the public meeting of the Provincial Fair Wage Board held today. General dissatisfaction was expressed against the proposed schedule of wages arrived at by the board. It was claimed that the cost of living has increased 133 per cent since 1914, on which basis the general rate of wages should be $1.50 an hour instead of around $1.25.

War Against Rent Profiteers

DETROIT, April 28.—The Detroit Tenants' League sent a petition to Governor Sleeper today, asking that a special session of the Legislature be called to enact laws governing rentals. The petition suggests that profits on rents be fixed by law, that the landlord be required to give six months' notice to vacate and that he be required to provide premises similar to those vacated when he desires immediate possession.

Vancouver Constable Upheld

VANCOUVER, April 28.—Expressing the opinion that the charges of using unbecoming language to them, laid against P.C. Tuley, of the local "dry squad," by Mr. Pollard, Grant, barrister, and L. E. Hensele, buffet keeper, were "trumped up," the police commissioners have exonerated that officer and congratulated him on his work in the interests of law and order.

Representation at Washington

OTTAWA, April 28.—In answer to a question by Hon. Dr. H. S. Beland today, Sir George Foster informed the House of Commons that negotiations toward the appointment of a Canadian diplomatic representative to the United States capital are being effected by the Government, but he was not prepared to make any announcement as yet.

Brandon Labor Candidate

BRANDON, April 28.—At a convention of the Labor Party here last night, A. E. Smith was selected as Labor's candidate in Brandon at the forthcoming Provincial elections. The meeting also adopted a platform which includes introduction of vocational training in secondary schools, collective bargaining and socialization of industry and capital.

Will Manage Argentine Railway

LONDON, April 28.—Howard Williams, formerly assistant general manager of the Northwest Railway, and recently appointed general manager of the Central Railway of Argentina, will proceed to Buenos Ayres about the middle of June. It is reported that his salary as manager of the Argentine road will be $40,000 a year.

Windsor, Ont., Hotel Burned

WINDSOR, Ont., April 28.—Fire of undetermined origin, this morning destroyed the old International Hotel here, driving a number of guests to the street and causing a loss estimated at $100,000. The stocks of several stores on the first floor were destroyed.

URGE EXTENSION OF DISPUTES ACT

Speakers at Labor Conference Argue in Favor of Municipal Employees Being Included —Classification Obstacle

OTTAWA, April 28. — During the discussion on the Industrial Disputes Act in the labor conference yesterday, Tom Moore argued that protection was a public necessity, if not a public utility. Every effort should be made to avoid withdrawing the labor of policemen from a city or municipality, but at present there was no method to decide matters in dispute between policemen and their employers. He suggested the establishment of industrial councils to deal with disputes between the employees of Government departments and the Government.

It would be a backward step if the Dominion Government lent itself to the decentralization of power which had already been accepted. There was a growing tendency among the workers to prefer arbitration rather than strikes as a method of settlement. He believed that today the majority of labor unions would accept the Industrial Disputes Act with certain amendments.

J. G. Merrick said he would like to see the present act extended to municipal and provincial public utilities, civil service, policemen, firemen and other individuals who are under direct jurisdiction of municipalities or towns.

F. A. Acland, Deputy Minister of Labor, referred to the difficulties created by disputes in connection with municipal operations, such as street railways, gas, waterworks, etc. Other employees, such as policemen and firemen, who do not come under the class of public utilities had asked for boards, but the Department of Justice had distinctly ruled that policemen could not be classed as a public utility.

Municipalities had contended in many cases that the Department of Labor had no jurisdiction over employees under their control. Such disputes arose in Toronto, Winnipeg, Vancouver, Ottawa and several other cities.

Colonization Fund

MONTREAL, April 28.—At a luncheon yesterday, Mayor M. A. Brown, of Medicine Hat, stated that he had within the past forty-eight hours succeeded in getting eleven Montrealers to subscribe $10,000 each toward the Western Canada Colonization Association, designed to assist settlers in their work. A fund of $1,500,000 is to be raised for this purpose.

WAR MEMORIAL IS CONSIDERED

Some Differences of Opinion Shown at I.O.D.E. Meeting —Officers of Provincial Chapter for Year Elected

VANCOUVER, April 28.—The subject of the I. O. D. E. war memorial, brought up at the second session of the annual meeting of the Provincial Chapter today, called forth a variety of opinions and suggestions and very lengthy discussion.

Mrs. Robertson, of Victoria, was definitely opposed to the scheme as it now stands, contending that no provision is being made for the education of children of men who served their country during the war who through force of circumstances are unable to complete their public and high school courses. She also thought that the sum of $1,400 was insufficient for an overseas scholarship, and brought forward a motion that the war memorial plan be reorganized at the annual meeting of the national chapter. The motion was, however, defeated.

Mrs. Hasell, of Victoria, who represented the Provincial Chapter at the last annual meeting of the national chapter, stated that she had made it known at that meeting that British Columbia was not quite in accord with the scheme as outlined, and that Mrs. Goodacre, president of the national at that time, had stated that the money from the different Provinces might be earmarked as applying only to certain clauses.

A personal statement from Mrs. Neuroutsos, of Victoria, who was unable to be present, offered the suggestion that the memorial be carried out provincially.

Mrs. R. C. Boyle gave a report of the War Memorial Committee which met in Toronto in February, and stated that according to the most recent statement the amount of money now on hand for this purpose is $177,200. It is now thought, she stated further, that the sum of $200,000 will be insufficient, and that $500,000 at least will be needed to carry out the memorial. Up to the present British Columbia has contributed the sum of $13,199.28 towards the fund.

Officers Elected

The election of officers resulted in Mrs. R. C. Boyle being re-elected president; Mrs. R. M. Hasell, first vice-president; Mrs. Dawson, of Prince Rupert, second vice-president; Mrs. W. H. Belson, of Victoria, third vice-president; Mrs. J. R. Mayfield, of Vancouver, secretary (by acclamation); Mrs. G. Pennock, of Vancouver, treasurer; Mrs. O. L. Boynton, educational secretary and also organizing secretary; Mrs. Martindale, of Nanaimo, "Echoes" secretary, and Mrs. Major, of New Westminster, standard bearer. Mrs. A. U. de Pencier received an equal number of votes with Mrs. Belson for the office of third vice-president, but withdrew.

The following ladies were elected councillors:

Mrs. Ashwell, Chilliwack; Mrs. W. H. Belson, Victoria; Mrs. R. C. Boyle, Vancouver; Mrs. O. L. Boynton, Vancouver; Mrs. Dennis Cox, Victoria; Mrs. Henry Croft, Victoria; Mrs. A. McC. Creery, Vancouver; Mrs. Dawson, Prince Rupert; Mrs. A. U. de Pencier, Vancouver; Mrs. Herbert Drummond, Vancouver; Mrs. E. J. Enthoven, Vancouver; Madame Gauvreau, New Westminster; Mrs. A. F. Griffiths, Victoria; Mrs. B. M. Hasell, Victoria; Mrs. Lambarde, Mission City; Mrs. Major, New Westminster; Mrs. Martindale, Nanaimo; Mrs. A. H. MacNeill, Vancouver; Mrs. McCulloch, Nelson; Mrs. David Miller, Victoria; Mrs. Moffatt, Ferbie; Mrs. C. D. Neroutsos, Victoria; Mrs. Peers, Burnaby; Mrs. Curtis Sampson, Victoria; Mrs. Watson, Chemainus.

During the morning session Mrs. F. J. Bayfield was appointed delegate to the annual meeting of the national chapter, and it was resolved that the headquarters of the Provincial Chapter remain in Vancouver for the ensuing year; that the next meeting of the chapter be held in New Westminster, and the next annual meeting in Victoria.

An amendment to by-law 7 sent by the Victoria Municipal Chapter was moved and carried.

Veteran Telegrapher Dead.

TACOMA, April 28.—J. Q. Mason, Tacoma pioneer railroad official, veteran Civil War telegrapher, died at his home here last night. Mr. Mason came to Tacoma thirty-two years ago, and was a number of years superintendent of telegraph for the Northern Pacific western divisions. In recent years he has been inspector for the Western Union. A widow and three sons, one of whom, Edward W. Mason, is general manager of the Western Pacific Railway, San Francisco, survive him.

Saskatchewan Sells Bonds

REGINA, April 28.—The Saskatchewan Government has just effected a sale of $1,000,000 of four year 6 per cent Saskatchewan bonds at 103.20, or a net cost to the province at the rate of 5.37 per cent, it was announced yesterday by the Hon. Charles A. Dunning, provincial treasurer. The purchasing syndicate of Eastern and American financiers has a ten-day option on another million at the same price.

St. John Warehouse Burned.

ST. JOHN, N.B., April 28. — Fire which spread from floor to floor with rapidity in the large brick building extending from Prince William to Water Streets, occupied by Dearborn & Co., Ltd., wholesale grocers, and other firms, late last night, practically destroyed the interior of the entire structure. The total loss was estimated at nearly $150,000, very largely covered by insurance.

Drives Auto Over Bank.

EVERETT, Wash., April 28.—R. G. Wells, a farmer, aged 53 years, is believed to have been instantly killed last evening when he drove his automobile off the bank of the Stillaguamish River near Arlington. His body was found this morning. His automobile was discovered standing on end in the river.

Six per cent has been the maximum legal rate of interest for 200 years in the Isle of Man.

PLEADING FOR SOLDIER PATIENTS

Veterans Appearing Before Ottawa Committee Present Case of Sufferers From Tuberculosis

OTTAWA, April 28.—Re-establishment recommendations of tubercular patients were placed before the special committee on pensions and re-establishment today.

Messrs. Pyper and Simmonds, recalled, said the time had come when Canada could afford to be generous toward her maimed and disabled soldiers.

Tubercular patients had heavier expenses than had other disability pensioners, and should have consideration. The issue of free clothing to Department of Soldier Civil Re-establishment patients, as at present carried out, was unsatisfactory. The patients objected that a man had to be an adjudged pauper and scarecrow before clothing was issued to him. The regulation was not being administered by the department in the spirit in which it was framed. Men claimed that they were humiliated, and want the issue of clothing on a basis of right rather than charity.

Members of the committee argued that the fault lay with the officers issuing clothing. Mr. Pyper suggested making the issue automatic. If a man was to be in a sanatorium six months he should have clothing when he went in. The chief difficulty was in getting the initial issue.

Mr. Pyper said instructions had been sent from Ottawa that clothes were not to be issued unless the man actually needed them. The men's stocks of clothing were inspected before any issue was made.

The witness asked free medical treatment for any form of sickness or disability for five years after discharge from sanatoria. They also asked the same for dependents while patients were in hospital or on total disability pension.

Removal expenses of dependents should be paid by the Dominion Soldiers' Civil Re-establishment Department. When a patient was moved from one part of Canada on the advice of his medical expert, Mr. Pyper urged, the expense should be borne by the Government.

RUSSIANS KILL MANY JAPANESE

Guards in Nikolaievsk District Said to Have Been Annihilated and Hundreds of Residents Massacred

WASHINGTON, April 28.—Japanese guards in the district of Nikolaievsk, Eastern Siberia, are believed to have been annihilated and several hundred Japanese residents, including the Japanese consul there, massacred, according to an official statement issued by the Japanese Foreign Office and made public today by the State Department.

The Japanese statement said the suspension of communication with the district rendered it impossible to get at the real state of affairs, but that it was evident that "a serious upheaval" had taken place. Efforts of the Japanese to dispatch a military relief expedition have failed.

In the meantime, however, the Japanese have sent an expedition to Alexandrovsk, accompanied by the warships Mikasa, and Michima. The forces reached their destination on April 22, and found the Japanese residents in that district safe. Most of them were taken aboard the Mikasa.

VLADIVOSTOK, April 28.—Gen. Oi, commander of the Japanese forces in Eastern Siberia, replying to the Allied railway organization's protest against alleged Japanese violations of the Allied railway agreement, said Japanese troops will not interfere with railroad operations unless Japanese military transportation is obstructed.

Russian laborers will probably resume work on the railways soon.

An aftermath of the first session of the Russian-Japanese mission for the liquidation of the events of April 4 and 5, when the Japanese took possession of Vladivostok, has been the publication in the newspapers of new demands by the Japanese command on the provisional government that Russian armed forces of whatever political party must evacuate a thirty-kilometer zone wherever Japanese troops are stationed in Siberia.

Funeral of Butte Striker

BUTTE, Mont., April 28.—One thousand men, some of them wearing the Red emblem of the I.W.W., marched today behind the funeral car of Thomas Manning, one of the sixteen men shot in the clash between strikers and officers near the Neversweat Mine entrance last Wednesday afternoon. Manning died Sunday morning. His funeral took place from St. Patrick's Church and was made the occasion for a large gathering of strikers and their sympathisers. No banners were displayed by the marchers today and the demonstration was orderly.

U. S. Steel Earnings

NEW YORK, April 28.—Total earnings of the United States Steel Corporation for the first quarter of 1920 show an upward trend from the final quarter of 1919, the aggregate of $42,089,019 representing an increase of $6,297,717. Net income of $31,323,701 is increased $5,283,426 and surplus of $13,373,085 is a gain of $8,150,797.

CANADA'S STATUS GETS ATTENTION

New York Correspondent of London Daily News Makes Some Observations About Colonial Office

LONDON, April 28.—The Daily News' New York correspondent, discussing the announcement in the press that Canada is to have a minister plenipotentiary in Washington and the United States one at Ottawa, says:

"The time has come for warning British opinion that the present Colonial Office has disgusted the self-governing dominions. Difficulties arise because the dominions are classed with and treated like crown colonies."

The correspondent further asserted that Canada had turned down two nominations for Governor-General, namely, the Earl of Athlone and Lord Byng, and has negatived Lord Jellicoe's naval scheme, largely owing to the circumstances of its presentation.

In a short editorial The Daily News does not refer directly to these assertions it prints from New York, and remarks:

"The British Government has recognized the status of the dominions by securing for them individual votes in the League of Nations. Indeed, the manifest disadvantages when next-door neighbors like Canada and the United States must communicate through Whitehall outweighs any objection to the scheme. Australia is to follow this very natural precedent, which, in the long run, is bound to prove a gain to the world. Better mutual understanding is the world's great need. The day has passed when the Foreign Office can claim to speak more clearly for the dominions than they can for themselves."

SOLDIER SETTLERS NEED FURTHER AID

EDMONTON, April 28.—More help for the soldier farmer who asked for his loan from the settlement board and has nothing with which to buy seed is now being sought through the intervention of the Provincial Government.

A delegation consisting of A. W. Abbett, M.P.P. for Vermillion, and A. R. Nightingale, of the Alberta Returned Soldiers' Commission, laid the matter before Premier Stewart this morning and asked for assistance in the direction of getting an additional allowance for the men on the land. He promised to take the matter up, and if found practicable to make an effort in the direction of securing some help from Ottawa.

HAS CLAIM AGAINST MISSING MILLIONAIRE

TORONTO, April 28.—Gordon Shaver moved before Judge Denton today on behalf of a creditor of Ambrose Small to the amount of $418, for the appointment of a receiver for the estate of the missing millionaire, who disappeared last December.

The Judge decided that a motion for substitutional service of the writ issued against Small or Mrs. Small's solicitors must be made instead, and that the motion for a receiver be held over until judgment was obtained. The writ was issued against Small in December last, but was not served on him because he could not be found.

Brazil Germans Send Aid

BERLIN, April 28.—The German committees of Sao Paulo, Brazil, have sent to Field Marshal von Hindenburg a gift of 321,842 marks for the relief of the East Prussian population.

SICK HEADACHES For Last Ten Years

Headaches affect all ages and both sexes alike, but in all cases the treatment should be directed to remove the cause, for with the cause removed the headaches vanish for all time.

What is necessary for a permanent cure is something that will go right to the seat of the trouble. For this purpose it is impossible to find a better remedy for headaches of all description than Burdock Blood Bitters, acting as it does on every organ of the body to strengthen, purify and regulate the whole system.

Mrs. Flora Hall, Dominion, N.S., writes: "I have been troubled with sick headaches for the last ten years. I had lost faith in all remedies until recently a friend of mine advised me to try Burdock Blood Bitters. This I did, and found relief in a very short time. I would now recommend B. B. B. to anyone who is suffering as I did. I only took 3 bottles, and am never troubled with sick headaches any more."

B. B. B. has been on the market for over 40 years. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

BOARD OF COMMERCE REPORTS PROMISED

OTTAWA, April 28.—At question time in the House today Sir George Foster said in reply to P. F. Casgrain that a report on the investigations held by the Board of Commerce would be presented to Parliament.

Sir George, replying to Mr. Pardee, said that insurance on the Roumanian orders financed by the Dominion Government, was placed with Messrs. Jones and Proctor Brothers, Toronto.

The marine insurance was effected at from 52.33 cents per $100 to $1.19 per $100, the rate varying according to the goods, class of vessel, port of shipment and season of the year.

DIVORCE LAW REFORM WANTED IN BRITAIN

LONDON, April 28.—Legislation modifying England's divorce laws will be urged at the present session of the House of Commons. The Government, it is contended, will in that event be morally bound to facilitate the passage of a measure which will sanction divorce on the following additional grounds:

Wilful desertion for three years, cruelty, lunacy, habitual drunkenness and commuted death sentences.

The church view conceded the demand for the cheapening of divorce proceedings, the equality of the sexes and increased grounds for nullity, but declined to go further.

Names of prominence in the social world figure in another heavy list of suits to be heard in the divorce court during the coming term, and of the 1,378 cases on the docket, 1,243 are undefended. There were 1,344 slated at the beginning of the last term. In the latest list, Lady Somerset, daughter of the Duke of St. Alban's; Viscountess Torrington, Sir William Willoughby Williams, the Hon. C. E. Cholmondeley and Mrs. Sherwood Kelly appear.

POLISH ARMY MAKES ADVANCE IN UKRAINE

WARSAW, April 28.—A general advance by Polish forces along a 180-mile front into the Ukraine was announced in today's communique by the Polish general staff. The movement, it is set forth, is for the expulsion of the "foreign invaders" (Russian Bolsheviki).

The Poles covered about 50 miles the first day of their forward movement, their advanced line taking them within 60 miles of Kiev.

The advance was explained in a proclamation issued in the name of Gen. Pilsudsky, head of the Polish staff, which announced that after the expulsion of the foreign elements the Poles would remain in the Ukraine only until an authorised Ukrainian government should take control.

Winnipeg Money By-Laws

WINNIPEG, April 28.—By-laws calling for civic expenditure in 1920 of $2,079,000 will be presented to the city ratepayers for ratification within the next three months. The largest amount involved will be the $1,500,000 school by-laws to be expended on new schools and improvements to the old ones.

Alberta Garage Burned

LETHBRIDGE, April 28.—The Service Garage at Warner was completely destroyed by fire this morning. About a dozen private cars were consumed. The loss is placed at $20,000.

CANADA'S STATUS.

The New York correspondent of The London Daily News is probably writing for political purposes when he says that the British Colonial Office has disgusted the self-governing Dominions. That is altogether too strong a term to employ. There have been differences of opinion, no doubt, but if the term "disgust" were altogether true then Canada would seek ambassorial representation in the different capitals of the world, and not in Washington alone. The reason for the desire to have a Minister in Washington is to be found in the wish to expedite the carrying out of political business between the two countries. We do not think for a moment there is any other motive. The delays which have arisen in some instances, through the correspondence having to be carried on through London, are quite understandable and it is hoped to avoid these in the future by having a Dominion representative at Washington who will have power to act in all matters of purely Canadian-American interest which are innimical in no way to British or Empire interests as a whole.

The New York correspondent alluded to does not confine himself to dealing with Canada's attitude towards the Colonial Office in the particular mentioned. He goes on to say that Canada has refused two nominations for Governor-General, namely the Earl of Athlone and Lord Byng. We are inclined to doubt the authenticity of this, especially where Lord Byng is concerned, as, for one thing, during the war no British commander was more popular among the Canadian troops. The same correspondent also says that Canada has negatived Lord Jellicoe's naval scheme, largely owing to the circumstances of its presentation. This will be news to the people of Canada. That scheme has never been debated in Parliament; it has never been voted upon by the people and the circumstances of its presentation were that Lord Jellicoe was specifically invited by the Canadian Government to suggest a scheme, which he did. To this extent it will be seen that the correspondent has been drawing on his imagination. No blame can attach in any way to anyone who is asked for naval advice and who gives it, and certainly none is attributable to Viscount Jellicoe for if there was he would not have been appointed Governor-General of New Zealand.

SUGAR SUPPLIES.

It appears that there are possibilities during the coming Summer of a sugar shortage of a character which may seriously interfere with the fruit preserving industry of the Province. There will be enough for domestic uses, acording to the present outlook, but the industries engaged in making jam are experiencing great difficulty in arranging for their supplies. Up to the present all they are guaranteed is about one-third of their requirements. We note that Premier Oliver intimates that the Provincial Government will do nothing to insure an adequate supply, beyond what it has already done in forwarding the resolution on the subject passed by the Legislature relative to the shortage that has existed.

If the fruit industry of the Province is to suffer, and it will suffer if there is insufficient sugar, it seems as if the Department of Agriculture has a duty in the premises. This Department should be sufficiently interested to use governmental machinery to obtain sufficient sugar to meet the requirements of the fruit industry, which is an asset of considerable value to the Province. No one wants the Government to buy sugar and then retail it. What is wanted is the employment of the power of the Government to get in communication with sources of supply and make them available to the jam industry so as to insure fruit growers will be able to dispose of their crop.

THE SAYWARD DISTRICT.

The suggestion advanced to the Minister of Agriculture for the inauguration of a settlement area for returned soldiers in the Sayward district of Vancouver Island deserves a deeper interest than the stereotyped "consideration" that has been promised. There is no doubt about the fertility of this district which is steadily attracting new settlers. With a little governmental encouragement it would become one of the most prosperous settlement areas on the Island. The Government now has the advantage of the experience at the Merville settlement. In whatever it may do on a smaller scale it can readily avoid the mistakes which were made in the Courtenay district, if it has profited by them. Mr. Barrow, in replying to the delegation which saw him in reference to opening a settlement area in the Sayward district, said his department had no adequate idea of what the cost of clearing land there would be. We are surprised at this lack of knowledge for the Sayward district has been very much to the fore recently, and the fact that new settlers continue to go there would indicate that farming pays in the locality.

The errors of the Land Settlement Board in the past have lain in the places they have selected for areas to be set aside for the use of settlers. The actual settlement which has taken place on such areas is not great, and certainly not enough to justify the expenditures involved. Under new supervision it is hoped the Land Settlement Board will exercise better judgment than it has up to date, and it is hoped also it will give genuine encouragement to returned soldier settlement in areas which are known to possess good land, such as can be found in the Sayward district. Any policy to this effect in the particular mentioned should also provide for road communication with the main trunk road of the Island so that Sayward will be made accessible to Victoria. The large vote for highways passed at the recent session of the Legislature will permit of this road connection, desired for so long, being established.

CLOTHES REFORM MOVEMENT.

The raiment reform movement has not made any considerable inroad upon the ordinary habits of the people of Victoria, so far as can be judged from what can be seen upon the streets of the city. Possibly the lack of interest here is due to the fact that we are an eminently conservative community and slow to adopt modern innovations. According to press advices, however, the overall movement is progressing rapidly in other sections of the continent. Whether it is a "reform" deliberately designed by the cotton growers of the United States who have large stocks on hand, and by manufacturers of the same country who are in a similar predicament, makes no difference to the people who have joined the overall procession.

Premier Drury of Ontario, who is the leader of a Government which has set itself to the task of reforming many things, has appeared in his place in the Legislature clad in the garb which adorns his person when he holds the plough or drives the reaper. All the farmer members have followed his example, and therefore it is safe to assume that when the Lieutenant-Governor takes his place upon the Speaker's chair (it would never do to call it a throne now), he will not be arrayed in cocked hat as respects the upper part of his person or silk stockings as appertaining to the lower portions thereof. Obviously there must be harmony as between the various estates which constitute His Majesty's Government. Consequently the overall movement may be accepted as a long step towards the establishment if not exactly the enthronement, of democracy. For the first time in history the fact must be accepted that clothes do not make the man and that Jack in reality is as good, if not better, than his master.

There are said to be signs of "barefoot movements" developing in certain parts of Eastern Canada. Should Premier Drury essay to become the leader in that procession sessions of his Legislature would present an interesting spectacle to persons who prefer to sit in the seats of the scornful.

A prophet arises in his place and declares that oil soon will supplant coal as fuel, hence the wisdom of British interests in securing control of oil fields in various parts of the world outside of the United States. Even if the prediction be verified by events, the coal fields of Vancouver Island are handy things to have around.

There have been some murmurings against the big financial institutions of the world because of their alleged solid entrenchments, but there are compensations for everything. An authority states that if it were not for the thorough organisation and co-operation of the financial interests there would ere now have been one of the business panics which inevitably follow in the wake of wars.

LANGFORD W. I. MEETS

Monthly Meeting Reports Subscription to Alberta Fund and Hears Interesting Address

The regular monthly meeting of Langford Women's Institute was held lately in the Assembly Rooms, the president, Mrs. Radford, in the chair. Voluntary subscriptions raised in aid of the Alberta relief fund amounted to $15, of which amount $5 had been sent in by school children. A case of clothing was also sent.

Miss Hayes gave an address on the relative values of foods in their relation to the proper growth of the child, which with the illustrations provided were very much appreciated by the members as well as by the older school children who were in attendance.

A pleasant half hour was spent afterwards, Mrs. Goucher and Mrs. Dobson being hostesses for the afternoon.

Bad Weather in Alberta

LETHBRIDGE, April 28.—Rain and snow all over Southern Alberta Tuesday night has again tied up seeding operations. Almost an inch of precipitation was recorded, bringing the month's total to 4.08 inches.

Fatal Explosion

EVERETT, Wash., April 28.—An explosion at the plant of the General Electric Company here late today caused the death of one man and injury to several others, according to telephone reports.

SUGAR SUPPLIES

Legislative Resolution Gone Forward and That Is Limit of Action to Be Taken by Province

Beyond sending to the Federal authorities the text of the resolution passed in the dying days of the recent session of the Legislature calling upon the Federal authorities to take steps to provide for adequate supplies of sugar to meet the demands during the fruit season in British Columbia this year, nothing further will be done by the Government, Premier Oliver intimated yesterday.

Following the outcome of the sugar investigation made by a select committee of the Legislature, the Premier wired to two Eastern refineries asking concerning supplies and the possibilities for the future. One of the concerns answered stating it was in no position to provide supplies to this Province; the other made no answer. The Premier also got into touch with the Federal authorities, urging that some steps be taken to insure a sufficient supply for this Province when the fruit season is on.

Premier Oliver stated yesterday that nothing further has been done by the Provincial Government, which has gone as far as it can, he considers. The matter is primarily one for the Federal Government. The Provincial Government was in no position to itself acquire a supply of sugar for the use of the fruit-growers, for no funds had been voted by the Legislature for that purpose, he said.

Influenza in Alaska

NENANA, Alaska, April 28.—Influenza has broken out at Nenana, Fairbanks and other Central Alaska points. Over 200 cases have been reported at Fairbanks, with several cases of pneumonia. The disease is said to be in a mild form, and there have been no deaths.

MOVE TO CREATE NEW TRAFFIC ZONE

Motor Parking to Be Forbidden on Some Streets and Restricted on Others, Ald. Cameron Proposes

Creation of a zone in Victoria's busy "loop district" will be pressed by Ald. W. G. Cameron in the City Council shortly. It is probable that the matter will be brought up Monday night, when the Mayor and aldermen consider a list of regulations recommended by Chief of Police John M. Langley.

The "loop district," as defined by Ald. Cameron, is bounded by Government Street, Fort Street, Douglas Street and Yates Street, where traffic of all kinds is heaviest. Ald. Cameron proposes that special restrictions relative to automobile parking be enforced on the streets in this area. He suggests that along Fort Street, between Douglas and Government Streets, cars should be permitted to stop only long enough to drop or take on passengers or freight, and that on the other streets in the loop parking should be permitted for only thirty minutes at a time. These regulations, the alderman believes, would largely eliminate congestion at the points where it is now most pronounced by keeping traffic moving.

Studied Conditions

Ald. Cameron has carried out a systematic investigation of traffic conditions and has studied the regulations adopted in other centres. He believes that he has now worked out a practical system that will be applicable to Victoria.

While Ald. Cameron's proposals principally embrace provisions for motor traffic, he may also bring in a recommendation that "jay-walking" by pedestrians on streets in the centre of the city be prohibited, and that people be obliged by law to cross only at intersections and in a straight line. When this regulation is enforced, people will no longer be able to step off the curb at any point, and car dodging, with its accompanying dangers, will be eliminated.

Ald. Cameron also believes that horse-driven vehicles should be dealt with in the new traffic regulations and he wants it made illegal for wagons to be driven after sundown without lights. He says that there have been many cases of collision and near-fatality when street cars have run against wagons, especially those driven by Chinese, after dark, when there was no light to indicate the presence of the vehicle.

Applies to Jitneys

Jitneys and taxicabs, as such, will also be brought within the scope of the regulations, if Ald. Cameron wins out in his contentions. The present regulations make no special provision for these cars, although tallyhoes and hired cars are recognized. If possible, Ald. Cameron wants to move the hired auto stands from the main thoroughfares, as he claims that the existing arrangements seriously block traffic on some of the city's busiest corners, especially at the intersection of Yates and Douglas Streets, a corner served by practically every street car line operating in the city.

Enforcement of the proposed regulations in the loop district will induce car owners in that section to leave their cars in less frequented streets, Ald. Cameron foresees. He admits that the proposition will probably be unpopular with these people, but he considers that it will serve the best interests of the greatest number. He predicts that this situation may lead to the establishment of open-air parking areas, as in other cities, the attendants arranging to watch the cars while in their care and possibly driving them to and from the offices of the owners for a moderate charge.

Abolish Present Laws

It is probable that when the matter is brought before the Council it will be decided to abolish the present by-laws and adopt a new one drafted along some, if not all, of the lines suggested by Ald. Cameron and Chief Langley.

Chief Langley favors a revision and consolidation of traffic by-laws, and in a letter to the Council makes the following recommendations:

"That the driver of every automobile or every vehicle shall indicate by his hand or some other suitable method whenever such person intends to turn a corner, or turn around at the intersection of any street.

"That no motor or other vehicle shall turn around in any street except at an intersection.

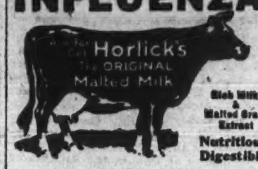

"That no motor shall stand on any street unless against the curb and the body of the car at an angle of from 25 to 45 degrees. Except on the south side of Fort Street, between Douglas and Government, and on Yates Street between Douglas and Government, where all such cars may stand close to the curb not less than 10 feet apart and shall not stand at an angle.

"No cars shall be allowed to stand in any case closer than 20 feet from any intersection.

"That Yates Street east of Douglas Street, and Douglas Street south of Fort Street to Humboldt Street have a centre parking stand where cars may park in the centre of the street as well as along the curb. The centre of the street should be marked into suitable divisions and no car shall occupy greater space than one division."

Chief Langley says that he cannot see any reason to compel motors to keep their rear lights burning on the streets that are lit with cluster lights, and he suggests that the Motor Act be amended accordingly.

SOLDIER SETTLEMENT

Veterans Wait Upon Minister and Urge That Scheme Be Undertaken in Sayward District

Inauguration of a soldier settlement scheme in the Sayward district was urged upon Hon. E. D. Barrow, Minister of Agriculture, by Messrs. Douglas Anderson and J. Tait, returned men, who waited upon the minister yesterday afternoon and discussed the possibilities of the district.

For some time past representations have been made to the minister urging the advisability of an extension of the soldier settlement work now under way at Courtenay to permit of the opening of another scheme in the Sayward section. The deputation stated that some sixteen or eighteen returned men were desirous of going on the land in that section and they suggested that the Government might make arrangements whereby such men could undertake clearing work on a contract basis, the men to be paid as the work progressed.

Hon. Mr. Barrow stated to the delegation that as yet the department had no adequate idea of what the cost of clearing land in that district would be, and any such plan would not be warranted unless it could be carried out at a figure which would be productive of farm values, that is at a cost that would result in land capable of producing returns to the settler on the original outlay. It was, in his opinion, inadvisable to inaugurate any scheme that would not assure to the men interested a reasonable opportunity to make good as farmers.

The minister, however, promised to give full consideration to the representations made.

SELECT REGISTRARS

Officials in Charge of Electoral Districts for Which New Lists Being Prepared, Being Chosen

The selection of the registrars for the various electoral districts of the Province, the chief officers under whose directions the new voters' list will be compiled under the provisions of the new Provincial Elections Act passed at the recent session of the Legislature, is being made. Premier Oliver stated yesterday that the selection of the men is now being proceeded with and will shortly be completed, when the officials will be formally appointed.

The preliminary work in connection with the preparation of the list is now being proceeded with under the direction of Mr. W. W. Bass, and the necessary forms required are being printed by the King's Printer.

France Restricts Imports

PARIS, April 28.—The decree prohibiting the importation of certain foreign goods has been issued, following a report showing that the total French imports during 1919 reached nearly thirty billion francs, while exports did not reach nine billion francs. The decree says goods shipped direct to France before the public decree will be admitted. Goods imported for re-export also are excepted from the new order.

EQUITABLE TAXATION DIFFICULT PROBLEM

Easier to Diagnose Disease Than Get Patient to Take Remedy, Premier Oliver Tells Real Estate Men

"I don't believe that the present method of securing revenue by taxation is an equitable one," agreed Premier Oliver, in his address to the members of the Victoria Real Estate Exchange, at their luncheon meeting in the grill room of the Dominion Hotel, yesterday. The Premier's remark was in reply to the suggestion made by President Alfred Carmichael, of the Exchange, in introducing the speaker, that it appeared to him the Government was rather indifferent to the fact that real estate was bearing too heavy a proportion of the burden of taxation at the present time. In pressing his point, Mr. Carmichael drew the analogy in the process of milking a cow. As long as the milk came freely the process was more or less gentle, but when the supply came close to exhaustion, "stripping" was then resorted to in order to get the last drop of milk. In the analogy the cow typified the owner of real property.

"It must be agreed that we have to have funds with which to carry on the public business of government," continued Premier Oliver. "In other words, we must have sources for those funds, and the accepted system is through the imposition of taxes of one sort or another. There are two important considerations to be kept in mind: first, the equitable distribution of taxation, and, second, the equitable distribution of the proceeds of it. It is all a subject that has been given a great deal of study by many eminent investigators.

How to Sugar the Dose

"I will have to agree that a great deal of the equity in property has been eaten up through taxation in many cases," continued the Premier. "But the question is, how are we going to remedy the matter? It is a similar circumstance as would be the case of a physician who had correctly diagnosed a case to find that the patient refused to acquiesce in the course of treatment. I am afraid that, until you create a different public opinion in respect to taxation, you real estate owners are not going to get very much relief."

Premier Oliver called attention to the fact that the bulk of taxation at the present time was being levied by the municipalities for the reason that fully 80 per cent of the population was urban. He also recalled a very strong opposition to taxation of any sort, and, now that there was woman suffrage, there was even a more complex field to be converted in case any alteration of policy should be undertaken. "As soon as you pass from the taxation of land as a main source of revenue, you are going to get into deep trouble," said the speaker.

"Feed the Land"

It seemed to the Premier that one phase of the matter would be some solution as to how the land might be fed so that it would be in a position to bear the necessary milking in taxation, to continue the analogy of the president, who would naturally feed his own bovine if he wanted to get a good return in milk. One patent mistake that had been made in the past, the speaker continued, was allowing population to scatter unduly. He pointed to the miles of pavement and other improvements in the city that served a comparatively sparse population. There should be some regulation that would discourage the putting on of new subdivisions of city property until the existing streets had been more closely settled. The same condition was to be found in the Province as a whole, for there were roads, trails, schools and other public conveniences sufficient to accommodate ten times the present population. An effort was being made, he said, to avoid further scattering of the population as much as possible, and at the same time settlement areas had been established through legislation with the object of further concentrating population where public service has already been established.

"We now have the promise of a large influx of settlers on the land," said the speaker, in closing his remarks, "and with the prospect of a 'growing time' again at hand, it is essential that much more study should be made along the line of getting administration on an economical basis."

Purplish rubies are found in Ceylon.

IN THE COURTS

Supreme Court

Mr. Justice Murphy, sitting in the trial of a civil suit in the Supreme Court yesterday, entertained a distinguished legal visitor. This was Sir Havilland de Sausmarez, Chief Justice of the British Courts of Shanghai, China. Sir Havilland occupied the bench with Mr. Justice Murphy, as a guest of the latter. The case on trial was that of the Belmont Investment Company, Limited, vs. Park. The suit has been on trial for several days. It was still unfinished at the close of yesterday's session of the court.

England knew nothing of Indian corn, potatoes, squash, carrots, cabbage or turnips until the sixteenth century.

It is When the Nerves Are Tired That You Cannot Sleep

IT isn't the body that craves rest, but the mind.

When you are bodily tired you can usually fall to sleep at the first opportunity.

But when the nerves are irritated by anxiety and worry rest and sleep seem to be impossible.

The mind seems to be most alert, and you are thinking, thinking, thinking—first of one thing and then of another—often matters of little or no importance. But you simply cannot sleep.

Sleeplessness is the most common, and often the first indication of a breaking down of the nervous system.

The object of sleep is to allow the body to rebuild tissue and the nerves to recover tone. Sleep is the ideal condition for this process.

If you cannot sleep you worry, and worry breaks down nerve cells at a tremendous rate, so that instead of laying up nerve force for the demands of the day you are using up the reserve.

The nerve centres are sometimes likened to storage batteries. If you continue to consume the nervous energy in reserve, without paying back, these centres become sooner or later depleted, and you find yourself a nervous wreck.

After a sleepless night you get up feeling tired and lacking in mental energy. Your day's work seems more than you can face, and you become down-hearted and discouraged.

The future is not bright, for you must realize that the natural result is exhausted nerves, paralysis, locomotor ataxia or some form of helplessness.

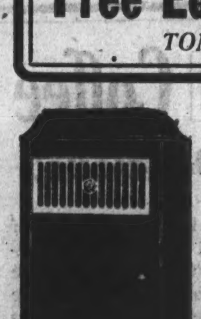

In Dr. Chase's Nerve Food is found the most natural and the most rational treatment for the nerves imaginable, because this food cure contains the vital substances which go to the building up of the blood and the depleted nerve cells.

Dr. Chase's Nerve Food does not induce sleep, but it does restore the nervous system, and after you have been using it for a few days you will begin to find yourself resting and sleeping naturally.

Dr. Chase's Nerve Food, 50 cents a box, all dealers, or Edmanson, Bates & Co., Limited, Totonto.

City and District in Brief

Brush Fire—A small brush fire at the corner of Dallas and Howe Streets took the city firemen out yesterday at 5:10 o'clock.

Speeding Case Remanded — The charge against J. C. Labelle of exceeding the legal speed limit in his motor car was remanded until next Friday in the City Police Court yesterday.

Sans Souci Club—Professor Lou Turner's orchestra is to play for the Sans Souci Club dance at the Empress Hotel on Tuesday evening next. The affair promises to be one of the most popular of the young people's social events of the coming month.

Applied Psychology—Mrs. Hele Ash will give the fourth of her second course of lectures on psychology at her home, 1051 Fort Street, Friday evening at 8 o'clock. Her subject will be "The Mysterious Ether of Space." No admission is charged.

Students to Meet—A meeting of the Students' Welfare League will be held in the Liberal rooms, Arcade Building, on Saturday evening at 8:30. Plans for the coming dance will be considered and the reports of committees received.

New Exchange Secretary — Mr. Harold D. Patterson was announced yesterday as the new secretary for the Victoria Real Estate Exchange to succeed Mr. A. H. Harman, who has resigned to give closer attention to his own business.

Band of Mercy Members—Members of the Children's Band of Mercy are specially asked to wear their badges during "Be Kind to Animals Week." New members can be enrolled at the office of the S. P. C. A., care of Mr. Hollins, No. 8 Arcade Building, Government Street. Phone 1489.

Minister of Mines—Hon. William Sloan, Minister of Mines, arrived back from up-Island points on Tuesday evening and left yesterday morning for Nanaimo, where he attended the funeral yesterday afternoon of the late Mayor McKenzie, of that city.

Liquor Cases in Court—For having liquor in the Strathcona Hotel, R. McKenzie, L. Thompson, C. Dennis, R. Wein, T. Anderson and R. Freeman were fined $50 each in the City Police Court yesterday. The men pleaded guilty through their counsel, Mr. E. Miller.

Banquet to 30th Battalion—The excellent repast prepared for members of the 30th Battalion at the Hotel Douglas on Tuesday evening on the occasion of their annual reunion was the result of the efforts of the management of the institution, for which it was highly complimented by the guests of the evening.

Not Seriously Hurt—George Goff, of 1407 Blanshard Street, the youngster who was run down by a motor cycle on Johnson Street Monday night, is reported to be doing well at St. Joseph's Hospital. An X-ray examination of his skull yesterday disclosed that there was no fracture, as was at first believed. The boy was not seriously injured.

Meeting Postponed—The meeting of the board of governors of the Island Automobile Association, which was to have been held in the secretary's office, Metropolitan Block Courtney Street, tonight, has been postponed until Friday evening in order that the governors may attend the performance of "Green Stockings" tonight.

Excellent Programme at Smoker—An excellent musical programme marked the Aerial League smoker held last night in the Victoria Club. Those in charge succeeded in procuring fine talent, but were disappointed in the attendance, which did not do justice to the efforts made. Those who assisted in providing the programme were: Mr. W. Kirkpatrick-Crockett, Mr. Bob Webb, Mr. Tom Obee and "Parson" Blair.

Mr. Purdey Returns—Park Superintendent T. R. Purdey has returned from Bellingham, where, acting on the instructions of the City Council, he attended the convention of the International Association of Park Commissioners. Mr. Purdey states that the convention was most successful and presented many new ideas which he will be able to put into practice in Victoria's parks.

Silver Tea at James Bay—A silver tea in connection with the James Bay Troop, Boy Scouts, will be held at the home of Mr. F. C. Fowle, 579 Battery Street, on Friday afternoon from 3:30 to 6 o'clock. A musical programme has been arranged, Mrs. J. B. Shaw, Mrs. Horace Hamlet, Mrs. T. R. Myers and Mr. Conyers kindly consenting to take part. All interested in the Boy Scouts are welcome.

More Motor Cases in Court—When it is not the Prohibition Act that provides work for the City Police Court it is the Motor Act. Yesterday four persons answered summons in the court on the charge of not having a tail light on their motor cars after dark. H. A. Davie and W. P. Unsworth each pleaded guilty and paid a fine of $5. The similar charges against J. B. Warnicke and Elmer DeWitt were withdrawn.

Daughters of St. George — The daughters of St. George have arranged for their dance and card party which is to be held in the Knights of Columbus Hall, 724 Fort Street, on Friday evening. The whist drive will commence at 8:30, and good prizes will be given. Dancing will be from 9:30 till 11:30, and a good two-piece orchestra will furnish the music. Light refreshments will be served during the evening.

Five Candidates Initiated—At the meeting of the Victoria Review No. 1, W.B.A. of the Maccabees, on Tuesday evening, five candidates received the degree of fraternity and final arrangements for the dance to be held under the Review's auspices on May 4, at the Caledonia Hall, View Street, were made. Many members announced their intention of going up to Nanaimo for the Island rally to be held in June. A social hour was enjoyed at the conclusion of the business meeting.

V. A. S. C. Dance Tomorrow—The Winter series of dances of the Victoria Amateur Swimming Club will conclude with the dance to be held tomorrow evening in the Alexandra Club ballroom. Dancing is to commence at 9 o'clock and continue until 1, Perry's orchestra furnishing the music. The members are exerting every effort to ensure the success of patrons of the affair, which bids fair to be the outstanding social success of the club's season.

"Raymond" Popular—Miss Stewart, City Librarian, reports an increase in the demand for Sir Oliver Lodge's book "Raymond," commencing before the arrival of the scientist here and continuing at the present time. She states that this publication has been on the waiting list ever since it was issued several years ago. Books on spiritualism, Miss Stewart says, are greatly in demand, having been so for at least two years. There is no appreciable increase in the requests for spiritualistic literature outside of the book mentioned above, since Lodge's visit.

Telephone Dance — The annual dance of the B. C. Telephone Company employees was held in the Alexandra Club list night. Several hundred of the company's workers and their friends spent a happy evening. "Hello girls" forgot the worries of their work and trouble men quit troubling. When the hour for closing came and the strains of the music were no longer heard the dancers averred, as they scattered to their homes, that it was a pity annual events couldn't be held at least once a week.

Visiting Jurist—Sir Haviland Walter de Sausmarez, Chief Justice of the British Courts at Shanghai, China, was the guest of Mr. Justice Murphy on the bench of the Supreme Court yesterday. Sir Haviland took great interest in the trial resulting from the suit between John R. Green, operating under the name of the Belmont Trust Co., and James H. Park. Albert George Judd took a mortgage on the property, but when he came to take it over he was surprised to discover that John R. Green had a prior claim of which nothing had been said, Mr. Judd swore in court.

West of England Trade—Business men who desire to establish or develop business relations with the West of England should not miss the opportunity to meet Norman Johnston, Canadian Trade Commissioner at Bristol, who will arrive in the city today. Mr. Johnston, who is now on a Canadian tour, will be in the city for one day only, and will be glad to meet business men, either through T. J. Goodlake, secretary of the Victoria branch of the Canadian Manufacturers' Association, Winch Buildin, telephone 3209, or at the Empress Hotel.

SOCIAL AND PERSONAL

Dean Quainton left yesterday for Vancouver, where he will represent the Diocese of Columbia at an important meeting of the Columbia Coast Mission this evening.

Mr. and Mrs. R. T. Wilson, Miss Merne Wilson and Miss Anna Wilson, who have been guests at "Roccabella" for the past month, left on the Prince George yesterday morning for Prince Rupert, en route to their home in Toronto. They have been visiting relatives and friends on the Coast all Winter and are particularly charmed with Victoria and its environments.

Recent arrivals at the Cadboro Beach Hotel include a number of prominent visitors from Shanghai. Mr. Herbert Phillips, C.B.E., who with Mrs. Phillips and their two children, is en route to England after six years in Shanghai, where he served as British Consul under Sir Everard Fraser. Mr. Phillips was prominently connected with war service in the Orient, his services being recognized by his appointment as Commander of the Order of the British Empire. The Very Rev. Dean Walker, late Dean of the Shanghai Cathedral, who is returning home to England, accompanied by Mrs. Walker and Miss Barbara Walker, has been for many years prominently identified with the religious and public life of Shanghai, is also a guest at the hotel, and Dr. E. D. Jackson, a prominent physician of Shanghai, is spending a short time in the city, en route to the Orient via the Empress of Asia, after a vacation in Scotland.

Mr. and Mrs. A. Cruickshank, formerly of Maple Grove, Clayburn, now of Victoria, announce the engagement of their daughter, Lillian Elizabeth, to Dr. H. C. Cruickshank, son of Mr. and Mrs. A. Scott Cruickshank, of Hamilton, Ont. Miss Cruickshank was this month called to the bar of British Columbia and is a graduate of the University of Toronto, where she met Dr. Cruickshank, who was also a student there. He is now on the staff of the Connaught Antitoxin College, a department of the Toronto University. The wedding will take place in June.

War Against Grasshoppers.

WINNIPEG, April 28.—Representatives of the Manitoba and Saskatchewan Departments of Agriculture, who held a conference here yesterday, have asked Federal aid in combatting a recurrence of the grasshopper plague. Material used in poisoning the insect is now available in large quantities and is being held on the option of the Provincial Government.

LOAN EXHIBITION IS OPENED BY HIS HONOR

Lieut.-Governor Prior Formally Declares Provincial Arts and Industrial Institute's Collection Open to Public

A large company assembled yesterday afternoon at the Provincial Library at the opening of the loan exhibition arranged by the Provincial Arts and Industrial Institute of British Columbia. His Honor the Lieutenant-Governor, accompanied by Mrs. Prior and his private secretary, Mr. Maskett, performed the opening ceremony.

Hon. Dr. MacLean, Minister of Education, commenced the proceedings and called upon His Honor to declare the exhibition open. This he did, pointing to the walls around him hung with many splendid pictures by world-renowned artists from Gainsborough to Millais. His Honor in his opening remarks drew attention to the credit that attaches to all those whose efforts had resulted in the effective display. Among those most worthy of mention are Mesdames Pemberton and Napier, and Messrs. Eldridge, Forsyth, J. and W. Harvey and C. St. Barbe.

Examples of the Masters.

All the exhibits on view have been loaned by residents of Victoria, and are all good. There is not a single specimen of rubbish in the room. Among the paintings a fine Gainsborough occupies a prominent place, and there are other pictures by such well-known painters as Constable Morland, Rosa Bonheur and Millais. To ladies, the exhibition of lace, prepared by Mrs. Napier, is a centre of attraction. It is shown in the folding leaves of a large stand which enables the visitor to examine each piece closely and at any angle. It is regretted that some of the pieces which are very large and of great beauty cannot be displayed in full, but the space available is not sufficient for this and one panel only can be spread out.

The Ceramic Exhibit.

The china on exhibition is shown in many large cabinets and cases, many of which are in themselves objects of great beauty, while the ware they enclose embraces specimens of the ceramic art that date from 200 B. C. until a few years ago. There is a specially fine display of crown Derby, and other English wares of the last century, and some very choice and rare pieces of Oriental ware, among which a Ming vase and a Japanese vase of the gorgeous "sang de boeuf" color are especially noticeable. A large case contains a number of very fine miniatures, among which there is a fine one by Sir Joshua Reynolds. And there are two curious specimens of Indian native work, painted on the back instead of on the front of the glass.

This exhibition is the first of a series to be held under the auspices of the institute. The next is to be an exhibition of textile fabrics, in which it is hoped to be able to show some of the raw material from which they are made and also the process of their manufacture.

To Revive Spinning.

The institute is at present engaged in an endeavor to revive the spinning and weaving of woollen fabrics by hand, and it is intended to show a spinning wheel and hand loom actually at work. It is also proposed to have lectures on the subject during the afternoons and evenings, and specially at such times as they may be listened to by school children.

After the exhibition of textiles it is intended to hold an exhibition of arts and crafts, at which the handiwork of people living in Victoria may be displayed. After that again here will be an exhibition of books, maps, charts, documents and pictures dealing with the early history of Vancouver Island. During all these exhibitions arrangements are being made to have short talks or lectures delivered on subjects connected with them, and to these the school children of Victoria will be specially made welcome.

The present exhibition is open every week day from 9 a.m. to 5 p.m., and on Mondays, Wednesdays and Saturdays from 8 p.m. to 10 p.m.; on Sundays from 2:30 to 5 p.m.

Vancouver: The Owl Drug Stores: Victoria: D. E. Campbell.

OBITUARY NOTICES

TANNER—The funeral of the late Mrs. A. H. Tanner, whose death occurred last Sunday at the Royal Jubilee Hospital, was held yesterday afternoon at 2 o'clock from her late residence, 1524 Gladstone Avenue, the floral offerings were numerous and beautiful. The following gentlemen acted as pallbearers: J. O. Armstrong, C. H. French, T. R. Myers, E. Tomalin, H. Anderson and J. L. Hilborn. The hymn sung was, "Nearer, My God to Thee." The Rev. W. Stevenson officiated. Interment was made in the family plot Ross Bay Cemetery.

PORTER—The death took place, at the family residence, 1676 Fifteenth Avenue, Vancouver, B.C., of Charles Alexander Porter, on the 23th inst., after a lingering illness. Born at Victoria, B.C., he was the third son of the late Mr. and Mrs. Robert Porter, and leaves to mourn his loss a widow, formerly Miss Annie Blatchford, of Metchosin, and five children; also four brothers and two sisters residing in Victoria, his eldest brother being Mayor Porter, of this city. For the past twenty-five years the deceased had been Mainland representative for the Porter firm, he being a director of that concern. Funeral announcement will be made later.

B.C. EXTRAVAGANT IN FOREST WASTE

Will Some Day Regret Lack of Preservation Policy, Says Representative of Swedish Government

"You have wonderful forests in this country; your trees are big and your Douglas fir is a fine wood; but I should say that you waste too much," said M. Henrik Carbonnier, of Hanaskog, Sweden, at the Empress Hotel last night. M. Carbonnier is honorary attache to the Swedish Consulate General, and is now on a mission for his government to survey the forest reserves of the world, particularly those on this continent, with regard to their extent, quality and the methods of handling them for the world's commerce. He has been in British Columbia during the past fourteen days, having reached the Coast via the Grand Trunk Pacific Railway. In that time he has gained a very accurate conception of the timber resources of this province and methods being employed in getting it into the markets of the world.

"In my country we have learned to manage our forests so that we shall waste nothing from the manufacture of them into commercial products, and at the same time we are perpetuating them so that they are actually growing in extent and not becoming smaller as years go by," continued M. Carbonnier. "I think that some day you will also realize the mistake you are making in being so wasteful now. Our largest tree in Sweden is no bigger than your smallest here, yet we manufacture fine lumber, and we don't waste a little bit of the tree. Lumber is one of our most important exports, and much of it and the pulp we make finds its way into the centre of your own empire. Sweden, before the war, also exported to a large extent to the United States. That may surprise you, but if you keep on wasting your forests here, we may yet be sending your province some of our timber.

Extensive Reforestation

"We have very strict laws in Sweden, and the owners of timber lands are very careful and business-like about the way they use from them. Each year great extents of territory are planted with a young growth, and, as I say, our forests are becoming larger, and not smaller."

M. Carbonnier thinks that there should be better co-operation among the nations of the world that still possess forest reserves, to the end that the world supply will not eventually be exhausted and that the supplying of the trade may be handled with a greater degree of economy. He does not admit that his mission may be along the lines of such an undertaking, but insists that such co-operation will eventually become a necessity.

He says that the commerce of Europe has been completely demoralized since the signing of the armistice. During the war his country prospered in the lumber trade, but immediately after everything went flat. This he attributed to the pronounced uncertainty felt everywhere, and the fact that very little money was left to do business with. During the past year a revival has been felt, until at the present time Sweden's trade was more nearly approaching the pre-war status.

M. Carbonnier will leave here for Seattle today, and thence down the Pacific Coast to New Orleans. He will then return to Washington and Montreal before returning to Sweden.

Zinovieff Assassinated

NEW YORK, April 28.—Letters received here state that M. Zinovieff, Bolsheviki Governor of Petrograd, has been assassinated by a Russian workman.

Introducing the Improved

Sonora

"ELITE"

Sonora prestige is worthily upheld by this new improved "Elite" model. This instrument is fitted with the new all-wood tone passage and all-wood tone arm—improvements that permit an almost unbelievably sweet quality of tone.

In the reproduction of pianoforte music—always a critical test of tone quality—this instrument stands supreme. In orchestral selections the effect is equally surprising and pleasing.

We invite you to hear this instrument of beautiful tone quality. Its price is

SALE AT ST. JUDE'S

Women's Auxiliary Held Affair in Mission Hall Yesterday Afternoon

A sale of home cooking was held by the Women's Auxiliary of St. Jude's Mission in the Mission Hall yesterday afternoon. Rev. L. A. Knight introduced Mrs. Charles Bishop, who opened the sale with a few appropriate words. The home cooking stall was in charge of Mesdames Mirams, Abbey, Cooper and Butterfield. Afternoon tea was served by Mesdames Higgins, Cawley, Brown and Merritt. The girls' stall, under the leadership of Mrs. Sharples sold an array of fancy and useful articles. The following girls assisted at this stall: Marjorie Gibbons, Lena Butterfield, Marjorie Higgins, Clarice Shamilt and Winnie Griffiths. Selections on the new piano were rendered by Marjorie Higgins and Lena Butterfield. Mrs. Lowes was in charge of the tea tickets.

Ontario's Referendum.

TORONTO, April 28.—Hon. W. R. Raney, Attorney-General, says the Dominion of Canada must bear the expense of the Ontario referendum on the liquor importation question. He says the vote will be taken within three months of Ottawa authorities recommending the request from the Province.

Jamaica's Fruit Regulations

KINGSTON, Jamaica, April 28.—The Government yesterday introduced a bill in the Legislative Council to prevent the exportation from Jamaica of immature fruit. Competition in the banana trade is declared to have led to the exportation of this fruit while unfit for consumption.

Fanning Island for Naval Base

HONOLULU, April 28.—S. R. Little and A. L. Perfect arrived here yesterday en route to Fanning Island with five tons of surveying and boring equipment for investigation in behalf of the British Admiralty. Fanning Island has been considered for a proposed naval base by the British Government for many years.

Vancouver Island News

NANAIMO PAYS HONOR TO ITS LATE MAYOR

Citizens in Great Number Attend Funeral of Mr. McKenzie—Ceremony Marked by Unusual Impressiveness

NANAIMO, April 28.—The funeral of the late Mayor Henry McKenzie, chief magistrate of the city for the past four years, was by far the most impressive ceremony ever held in Nanaimo. It was attended by persons in every walk of life, and the concourse around the grave must have numbered fully two thousand persons. Following a short private service at the home of the deceased, the public service was held in the Wallace Street Methodist Church, all the ministers in the city taking part.

As the coffin left the church a detachment of the Boys' Naval Brigade from Victoria presented arms and formed a guard of honor on each side of the hearse, marching to the grave with reversed arms. The cortege, which was over a mile in length was headed by the local lodge I.O.O.F., of which deceased had been a prominent member. They were followed by the Red Cross, the Great War Veterans' Association, Board of Trade, civic employees, firemen, police, the aldermen, school trustees and commissioners and the honorary pallbearers. Then came the hearse, followed immediately by five carriages bearing members of the family of deceased, and these in turn were followed by cars conveying the ex-mayors of the city, the Imperial Order Daughters of the Empire, Mayor Porter of Victoria, the provincial executive of the Navy League, Hon. Wm. Sloan, representing the Provincial Government, and others.

At the grave the service was conducted by the I.O.O.F., and finally the Naval Brigade detachment was formed up around the grave, while their bugler sounded the "Last Post."

NANAIMO SOCIAL NOTES

NANAIMO, April 28.—Mr. Parker Williams and Ald. Hoskins, of Vancouver, were passengers on yesterday morning's boat.

Mrs. John Shaw is visiting her daughter, Mrs. Newberry, Vancouver.

Miss Ethel McCourt, daughter of Mr. and Mrs. Samuel McCourt, Machleary Street, has arrived home from Merritt.

Miss Gilchrist, daughter of Capt. Gilchrist, will receive her nurse's diploma tomorrow night at the graduation exercises of St. Paul's Hospital, Vancouver.

Mr. Isaac Brown, of Bridgeport, Cumberland, England, and a former resident of Nanaimo, was married on April 14th at St. George's Church, Calgary, to Miss Alberta Johnston, of St. John, N. B.

Dr. and Mrs. Drysdale celebrated the twentieth anniversary of their wedding day by a week-end trip to Victoria, where their daughter, Jean, is a pupil in St. Ann's Convent.

Mrs. Coulter, of Brandon, who has been spending the Winter with her daughter, Mrs. J. Galbraith, whose husband is manager of the Merchants' Bank, left for home yesterday.

Mr. Terris, who is leaving Saturday for the Old Country, was presented with a travelling bag by fellow workmen of the C. W. F. Co.

Mrs. J. F. Newman, Stewart Avenue, is visiting friends in Vancouver.

Mr. Archie Cunningham returned to Vancouver yesterday, Mrs. Cunningham going home the end of the week.

The regular Thursday night sitting of the Mock Parliament is postponed until Monday next.

A G. W. V. A. dance will be held Thursday night and the children's fancy ball on Friday.

The annual First Aid examination of the St. John's Ambulance Association will be held in the Domestic Science Schoolroom on Friday and Monday next, with Dr. T. J. McPhee as examiner.

Mrs. J. Hickman, of the Chinese Mission, gave an address to the W. C. T. U. monthly meeting on the opium traffic in China.

U. S. Paper Situation

WASHINGTON, April 28.—Publishers of prominent New York newspapers were invited to appear today before a Senate committee which is investigating the print paper situation, including supply, prices and distribution.

SNUFF KILLS LUMBERJACK

Arcade Varin Found Dead at Cook's Creek After Being Missing Many Weeks

CUMBERLAND, April 27. — Arcade Varin's craving for snuff brought about his death, according to a Cumberland jury. Varin, who was a timekeeper at the Burrard Sawmills, Deep Bay Camp, was picked up dead on Monday, about a mile from the camp, up Cook's Creek. He had been missing since January 17.

Varin was unmarried and about 45 years old. The inquest was held at Cumberland on Tuesday, and the verdict was death from natural causes, probably heart failure, due to the excessive use of snuff.

WEDDINGS

Carpenter-Newlands

On Tuesday afternoon at the First Presbyterian Church the Rev. J. G. Inkster officiated at the marriage of James Albert Carpenter of Vancouver and Miss Jessie Newlands of Victoria. They were attended by Miss Isabel Richards and Gordon Wilson Newlands, brother of the bride. After the ceremony the bridal party returned to the home of the bride's brother, James Newlands, 2826 Scott Street, where the wedding breakfast was served. Later Mr. and Mrs. Carpenter left on a honeymoon trip to Seattle. They will make their future home in Vancouver.

Chalmers-De Pape

On Tuesday afternoon at the First Presbyterian Church the Rev. J. G. Inkster solemnized the marriage of Wilburt Ray Chalmers, son of Mr. and Mrs. Thomas Chalmers, of Denman Island, and Miss Anna Louise De Pape, daughter of Mr. and Mrs. Clement De Pape, of Denman Island. The ceremony was witnessed by only Albert Doley and Miss Winnifred Alice Baikie. After a honeymoon trip on Vancouver Island Mr. and Mrs. Chalmers will make their home at Denman Island.

GERMANY MUST REMOVE TROOPS

Premier Millerand Says French Will Leave Frankfort Territory When Reduction Is Effected in Ruhr Region

PARIS, April 28.—Premier Millerand, in making a declaration to the Chamber of Deputies today on the results of the Supreme Council meeting at San Remo, said that the Frankfort and Darmstadt territories would be evacuated by the French as soon as the Allied commissions have established that the German armed forces over the number allowed by the convention of August, 1919, had been withdrawn.

The whole German forces in the Ruhr region, the Premier declared, must be reduced to 10,000 men by June 10 next, and by July 10 all the German soldiery must be withdrawn and replaced by a police force of 10,000 men.

"The details of the treaty with Turkey," he continued, "cannot be divulged before Turkey's plenipotentiaries come to Paris, May 10, but I can say that the treaty is in conformity with the outline already made public, the Turks being maintained in Constantinople and the territories in which they are in the majority."

BERLIN, April 27. — Conflicting French, British and Italian views were compromised in framing the final Allied statement issued at the San Remo conference, according to the views of newspapers here.

A member of the Allied conference is cited by The Vossische Zeitung as saying that "Premier Millerand prevailed in the matter of form, but Premier Nitti in the matter of fact." This newspaper's San Remo correspondent views the situation as promising well for Germany if the Chancellor at the forthcoming verbal negotiations shows more adroitness than has been manifested in recent German notes, which, he says, "have been deplorable examples of diplomatic awkwardness."

In an article commenting on the discovery by the Entente control committee of 286 guns at Stettin, the Independent Socialist organ Die Freiheit says the incident was discussed at a cabinet meeting at which General Von Zecht, the chief of staff, declared that this secret movement of guns, which were intended for Koenigsberg, was undertaken with the full knowledge and approval of the ministry of defence.

"This statement," says the newspaper, "is very astonishing. Under the Treaty of Versailles Germany was allowed only 186 guns, and incidents such as this are bound to inspire the Entente with the deepest distrust."

Object to Proposed Enactment

VANCOUVER, April 28.—Voicing opposition to the reported proposal of the Department of Labor at Ottawa to bring down legislation making it an offense for any employer to discharge an employee because that employee belongs to any particular union, the B.C. Manufacturers' Association is sending a request to Hon. Gideon Robertson, Minister of Labor, for full particulars of the proposal. Members declare the proposition "too absurd for anything."

Fails to Overtake Train

VANCOUVER, April 28.—Patrick Ludlow, British actor, who took flight today in an airplane piloted by Lieut. G. K. Trim, in an effort to overtake an eastbound train at Agassiz for Calgary, failed to make connection, and was forced to return to Vancouver. A storm in Coquehalla Pass prevented Lieut. Trim from continuing the journey to Kamloops. A quick trip to Agassiz was made, but the train had departed.

Bufalmco, an Italian painter, drew caricatures in the fourteenth century, putting labels with sentences to the mouths of his figures.

NURSES' ALUMNAE FORMED YESTERDAY

Graduates of Provincial Royal Jubilee Hospital Training Class for First Time in History Organize

The greatest enthusiasm was displayed by the nurses who gathered yesterday afternoon at the Jubilee Hospital Nurses' Home at the invitation of the lady superintendent, Miss Jessie MacKenzie, to form an Alumnae Association. The scheme met with unanimous favor, and The Alumnae Association of the Provincial Royal Jubilee Hospital Training School for Nurses was organized before the proceedings had been long in progress. Miss MacKenzie occupied the chair at the commencement, and briefly outlined the purpose of the meeting, Mrs. Thomas then, at the invitation of the nurses, taking her place. Everyone present showed the greatest sympathy with the project, and the election of officers was accomplished with dispatch, the following being named:

President, Mrs. Thomas, a graduate of the class of 1914; first vice-president, Mrs. Chambers, class of 1912; second vice-president, Mrs. Tom Miller, class of 1911; secretary, Miss T. Mowbray; treasurer, Miss Hall.

A second meeting of the newly-organized society is to be held on May 12 for the purpose of going through the constitution and to arrange for committees. It has been decided that the annual meetings of the Alumnae Association will take place every March, and regular meetings will fall on the second Monday of June, September and December.

The nurses gave some time to the consideration of the special work to which they would devote their attention, several of the members (twenty-three joined the roll at this initial meeting) favoring the suggestion that they should "adopt" the women's ward at the hospital, this being one of the few departments of the institution which has not yet come within the purview of any of the organizations which are interested in the care and comfort of the patients. This matter, however, will be debated further at the next meeting.

The following have joined the new organization: Miss Mowbray, Miss Williams, Miss Hardie, Mrs. Thornton, Mrs. Miller, Miss Lurd, Miss Arnold, Miss Bailie, Miss McKenny, Mrs. Ivell, Miss Dawcett, Miss Hall, Miss Bray, Miss Boice, Mrs. Harwood, Miss Flood, Miss Alexander, Miss Tolmie, Mrs. Billinghurst, Mrs. Ivel, Mrs. Thomas, Mrs. Chambers.

LOOKS INTO ROUTES FOR CANADA'S BOATS

VANCOUVER, April 28.—A steamship service connecting this port with India and another between Vancouver and the West Coast of South America were forecasted today, when B.C. Keely, general agent for the Pacific of the Canadian Government Merchant Marine, stated that he was investigating the trade possibilities of these routes for the Government steamers now building on this coast.

Another Aerial Race Planned

NEW YORK, April 28.—A 1,200-mile aerial race on July 4, similar to the New York-Toronto derby last year, was authorized today at a meeting of the board of governors of the American Flying Club. The circuit will include Boston, New Haven, New York, Princeton, Philadelphia, Baltimore, Washington and points in Virginia.

POST-INTELLIGENCER STOCK IN DISPUTE

SEATTLE, April 28.—Clark Nettleton, publisher and owner of the majority of the stock of the Seattle Post-Intelligencer, has started suit against George Boole, a minority stockholder, it became known today, demanding delivery to Nettleton of seven hundred shares of stock in the publication, alleged to have been "wrongfully delivered" to Boole by a local bank, which had held them as security for a loan to Nettleton.

The complaint states that Boole is attempting to dispose of this stock and his own holdings to W. R. Hearst, from which attempt the court is asked to enjoin him.

FIFTY YEARS AGO TODAY

(From The British Colonist of April 29, 1870.)

Sale of Real Estate—Yesterday Mr. Franklin sold three valuable residences with their lots at what are considered good prices. The one-story house on Pandora Street, occupied by Mr. John Dickson, was sold for $1,325 to the tenant. The two-story house next adjoining on the west brought $2,300, to Mr. Denny. The one-story cottage on Birdcage Walk, James Bay, occupied by Mr. Guild, was sold to Mr. Williams for $1,025. A lot on Broad Street, adjoining Seymour's furniture warerooms, brought $360, and lot 30, block 22, New Westminster, $10, to Mr. Pagden.

The Hand of Bismark—The Madrid Epoca asserts that Prince Frederick of Prussia is the Government candidate for the throne of Spain, but that Emperor Napoleon declared to Senor Alesa, Spanish Ambassador to Paris, that this solution of the question would be so grave that it might cause war between France and Prussia.

Nothing Pays Better Than Taking Care of Yourself

Men seem to care more for money than they do for health. They do not seem to realize that it pays better to take care of health than to take care of business. The best asset any one can have is healthy kidneys. The kidneys are more important than a bank account, for healthy kidneys will keep you alive, while a big bank balance won't.

The signs of bad kidneys are rheumatism, lumbago, neuralgia, dropsy, pains in the back, spots before the eyes, dizziness, sleeplessness and puffs under the eyes—all the results of poisons that the kidneys fail to filter out of the blood.

The cure is simple. All you need is something that will get the excess uric acid out of the system. Nothing does this so effectively and safely as Dr. Pierce's Anuric (anti-uric-acid) Tablets, which cost only 60 cents in drug stores. Anuric is an unusual medicine that dissolves uric acid much the same as hot water dissolves sugar or salt. It will pay you well to take care of your kidneys and health by taking Dr. Pierce's Anuric Tablets.

By writing Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., and sending sample, you can have urinalysis free of charge. Send 10c for trial package of tablets, or 50c for "Medical Adviser."

New York's Latest in Vanity Boxes

The new Kodak shape and Canteen style Vanity Cases are shown at this store today. They are remarkable for the beauty of their exterior colorings and the unusual daintiness of interior fittings and finish.

VICTORIA IS WORTH ADVERTISING FREELY

Business Men's Committee Decide $20,000 Little Enough —Organizing for "I Believe" Campaign Monday

"If the Victoria and Island Development Association is to do anything worth while for the Island this year, they must have at least $20,000," asserted Chairman J. H. Beatty of the committee of business men working in conjunction with Chairman George I. Warren of the finance committee of the Publicity Association, to perfect a plan for raising the money needed for carrying on this year's work, in discussion of the matter last night. "Of that $20,000, the Victoria City Council has passed a contribution of $7,000. This leaves the amount to be raised in public subscriptions at $13,000. It should be an easy matter to secure a sum of that size for an institution that means so much to the life of our city, and we are organizing the canvass in such a way that it will be raised in two days, at the most.

"Our committee went closely into the matter in a special meeting this morning, and we will have things in excellent shape to be presented to the public meeting of business men and others interested in the work of the association to be held in the board-room, Belmont House, Friday afternoon at 4 o'clock. Mr. Warren has all the details of the canvass carefully mapped out. He has put a lot of time into the matter and has it so arranged that each canvasser will have a minimum of calls to make. We will go into the field the first thing Monday morning and many of the committee believe that the full amount will have been subscribed by the same evening. Meanwhile Mr. Warren has circularized several hundred prospective contributors to the fund, so that they will be anticipating the call of the canvasser. In fact many of these have already sent in their subscriptions, for Mr. Warren told me today that something like $500 had come in that way since the letters were sent out. So you see that it will be easy. The point is, we have no time to lose, for the association should be spending right now some of the money we are going to collect.

Didn't Have Enough Last Year.

"In looking over the books of the association we find that they have accomplished a surprising amount of work during the past year with a fund that was far too small. It is difficult to reduce it all to figures, but some bald statistics may be of interest to the public. For instance:

"Amount collected, including grant from the city, $13,000.

"Expended in salaries, rent and office upkeep, $4,500. This item includes the cost of the eleven-week tour in the prairie Provinces and the Pacific Coast States.

"Amount expended in advertising matter, pamphlets, etc, $8,500.

"Total, $13,000.

"Number of visitors supplied with information, approximately 10,000.

"Number of pieces of advertising matter distributed, 100,000.

"The advertising was carried on chiefly in the prairie Provinces, Leslie's Magazine, Sunset Magazine, Shanghai, Yokohama and Pacific Coast States.

Can't Afford to Drop Out Now.

"Now, the point of the situation with which the people of this city are faced right now is whether or not we are going to back this up with active aggressiveness this year. In many respects we have the brightest prospect in our history. A big movement is beginning in the world which will mean a marked readjustment of population within the next few years. Observers everywhere have made a note of this. One thing we are especially conscious of is the fact that great numbers of residents of the British Isles are coming to this continent as soon as the exchange situation will give them a fair chance. This is going to be the finest class of immigration and they will come prepared to make investments and establish themselves permanently in Canada. Do we want any part of them? This is the question we are putting to ourselves, and the question that we want the rest of Victoria citizens, who believe that the city must grow to be prosperous, to be thinking about.

"It Pays to Advertise."

"We propose to spread literature among those possible new-comers. We have a lot to offer them here, but they won't know it unless we tell them about it. Repeatedly, Commissioner Thomson tells me, requests have been received from England for literature on this Island, and he has not a thing to send them. All of the publications issued heretofore by the association are now out of print for the reason that the funds available last year were not sufficient to keep the stocks up to requirement. This is really a rather damaging admission for a city of our importance to make, in my mind. That is why we are out for an adequate sum to do good work with during the coming year, and $20,000 is certainly not too much.

"Our business men's committee has decided to back up Chairman George Warren, of the finance committee of the association, in his 'I Believe' campaign, to the last ditch. We have decided to do this because we are certain that the public is behind us in the undertaking."

London Wool Sales

LONDON, April 28.—At the wool auction sales today 15,000 bales were offered. Prices were irregular and low grades were withdrawn.

BIG CROWD EXPECTED TO SEE FINAL GAME

Wallace's, of Vancouver, and Cumberland Soccer Teams Battle at Nanaimo for McBride Shield Saturday

NANAIMO, April 28.—Rooters from Vancouver and Cumberland and a big crowd from this district will see what should be one of the best soccer games played in Nanaimo when Wallace's, of Vancouver, and Cumberland meet in the final McBride Shield championship game Saturday next at 5 p. m. Both teams are reported to be in the pink of condition and confident of victory. The Upper Island Football Association will entertain the visitors at a smoking concert in the evening, when the gold medals will be presented to the winning players. The Shield, which will be on exhibition Saturday morning in the Weston Mercantile window, will be presented on the field, Mr. Pearson, of Victoria, will referee and the linesmen will be Mr. J. C. McGregor, of South Wellington, and Mr. J. Porteous, of Granby. Strong local committees will have charge of the business arrangements of the game.

DATES ARRANGED FOR MARATHON TRYOUTS

TORONTO, April 28.—Ontario's Olympic Marathon race will be run at St. Catharines on May 24. The distance will be 15 miles. The final trial, in which runners from all parts of Canada will compete, will be run at Hamilton on July 19.

Olympic matters will be discussed, and it is planned to send 36 track and field men to the Olympic games. There also will be seven boxers and four wrestlers.

James Island Bowlers Capture Championship

SPORTING NEWS

Goulding Is Applying For Amateur Status

JAMES ISLAND WINS BOWLING TOURNAMENT

Capture Explosives Companies Championship and Three Special Prizes by Wide Margin

JAMES ISLAND, April 28.—The very interesting telegraphic bowling league season for 1919-'20 of the Canadian Explosives, Ltd., and subsidiary companies, which was wound up at the end of march, was won by the James Island plant. The final result is here now from headquarters and the Far Western plant has captured every prize, not only winning the cup, but also the three special prizes. The total scores were as follows:

	Total score.
Shand (James Island) ...	50,245
Beloeil ...	45,420
Montreal ...	45,067
Nobel ...	41,190
Brownsberg ...	40,730

Each plant could pick from nine men, so that, in case of any absentees, it could make up its team of five. Mr. Arthur Hellyoake, secretary of the Moore Club, was official scorekeeper. The five champions who landed the cup were E. Elkington, J. Garvie, J. Thompson, T. Robb and J. Ford; Joe Garvie getting the highest individual score of 10,463, also the highest individual match score of 678 and the highest individual game score of 279, and thus captured all the special prizes. The Shand plant will have to defend the cup for two more seasons before becoming the owners. When the cup and prizes arrive it is anticipated that a grand smoker will close the bowling for the season.

SOUTH AFRICA IS VERY KEEN ON THE GAMES

Public Enthusiasm in Support of Olympic Team Runs High —Government Giving Great Encouragement

CAPE TOWN, South Africa, April 28.—Of the thirty countries which intend to be represented at this year's Olympic games in Belgium, it is, perhaps, safe to say that not one approaches South Africa in the way of enthusiasm and the general interest in the event displayed by the people in general. If the solid backing of the public is of any assistance in the scoring of points by a team, the South African athletes should make their presence felt at Antwerp this Summer.

Street collections to aid in defraying the expenses of the Olympic delegation are of common occurrence, while workers in the mines have agreed to donate a percentage of their wages for a period of three months to help along the good work. The South African Railway is granting special transportation privileges to team candidates journeying from place to place to take part in tryouts. It is understood that a number of railwaymen expect to make the team, and the company is granting these men every facility for training.

Governments Help

Both the Federal and Provincial Governments are represented on the South African Olympic committee, and are giving every possible encouragement to the team. Many leading sportsmen of the Dominion, headed by Sir Abe Bailey, the well-known horseman, are conducting a campaign to raise money for the team. To this end a committee composed mostly of English residents has been organized and is hard at work.

The South African Olympic delegation will consist of about forty athletes, a rifle team and some swimmers. For several months a professional coach has been roaming about the county digging up raw material, and, according to latest reports, he has been successful beyond his fondest expectations. Kennedy Kane McArthur, who, it will be recalled, won the Stockholm Marathon with ease, has unearthed a wonder for the big classic at Antwerp. This candidate is tall and lanky, like McArthur himself, and is a real "springbok," having been born close to Johannesburg. He expects to shave the record for the Olympic distance of 26 miles, 386 yards.

THE SQUARED CIRCLE

LOS ANGELES, April 27.—K. O. Kruvosky, of San Francisco, defeated Walter Caldwell, of Albuquerque, N.M., in the main event at Vernon Arena here tonight. They are light heavyweights. "Kid" Palmer, "the Arizona Wildcat," was given a decision over Young George, a Los Angeles welterweight. Johnny Meyers, welterweight, defeated Larry Fitzgerald.

BOSTON, April 28.—Jack Sharkey, of New York, and Abe Friedman, of this city, fought a 12-round draw here last night.

Calgary Lacrosse

CALGARY, April 28.—At a preliminary meeting of lacrosse boosters here arrangements were made to revive the national game in Calgary and also to reorganize the Alberta Lacrosse Association for affiliation with the C. A. L. A. The Calgary club will reorganize next Friday night and the Provincial association meeting will be held the following Friday.

RANGERS BEAT LANARK

LONDON, April 28.—Rangers defeated Lanark 2 to 0 in a Scottish League fixture today.

MAT PERFORMANCES

KANSAS CITY, April 28.—Stanislaus Zbyszko threw Salvatore Chevalier here last night in two straight falls.

Ed. "Strangler" Lewis defeated Franz Zolar, Canadian, in straight falls.

OGDEN, April 28.—The wrestling match between Ad Santel, light heavyweight champion, and Jack Herbertson, of Ogden, went to a draw after each man had scored a fall and wrestled twelve minutes on the third fall and stopped within the two hour limit.

SALT LAKE CITY, April 27.—Mike Yokal, middleweight champion, and Ira Dern wrestled three hours and ten minutes here tonight without a decision. The bout was stopped by the referee and declared a draw.

DERBY FAVORITE IS WINNER OF GUINEAS

Major McCalmont's Tetratema Is True to Confidence Shown in Him by Backers—Newmarket in Old Form

LONDON, April 28.—Major D. McCalmont's Derby favorite, Tetratema, by Tetrarch-Scotch Gift, won the 2,000 Guineas, the first of the English three-year-old classics, at the Newmarket races today. W. Raphael's Allenby finished second, and Sir E. Paget's Paragon was third.

For months past heavy wagers have been laid on Tetratema to win this year's Derby, which will be run at Epsom Downs on Wednesday, June 2.

The betting on the 2,000 Guineas was: Tetratema, 2 to 1, evens and out; Allenby, 100 to 7; Paragon, 8 to 1. Seventeen horses ran.

Pre-War Brilliance

Newmarket headquarters of the Jockey Club regained today much of its pre-war brilliance on the occasion of the running of the first of the five classic races for three-year-olds, this being the 2,000 Guineas. The second of these, the 1,000 Guineas, confined to fillies, will be run next Friday; the third, the Derby, at Epsom, on June 2, with the fourth, the Oaks, for fillies only, on the following Friday. The fifth of the classic races is the St. Leger, at Doncaster, on September 8.

In point of age the St. Leger is the oldest fixture, having been founded in 1776, with the Oaks in 1779, and the Derby the following year.

The 2,000 Guineas dates from 1809 and the 1,000 from 1814.

Run During War

Notwithstanding great difficulties, all these races were run each year of the war, though under conditions that robbed them of much of their ancient glory and prestige. Many well-known owners were unrepresented and fields were small.

The 2,000 Guineas is run over the Rowley mile at Newmarket and is confined to three-year-old colts and fillies foaled in 1917. Nominations closed with 116 entries. In recent years the field has seldom much exceeded a dozen, big fields such as often go to the post for the Derby being rare.

TORONTO, April 28.—The winner of the 2,000 guineas, Major McCalmont's gray colt, Tetratema, by The Tetrach, out of Scotch Gift, was unbeaten as a two-year-old last season, winning in easy fashion the five races he contested and a sum of more than £10,000 in stakes, his last race being over the six furlongs of the Middle Park Plate at Newmarket when he started an odds-on favorite at 4 to 1 and spreadeagled his field. It happened that he did not meet some of the best of his year, but his performance was so faultless that he ruled all through the last Winter as strong a Derby favorite as recent turf history has produced.

KILTIES WILL FORM RIFLE ASSOCIATION

Canadian Scottish Intend to Start Summer Shooting—Meeting Called for Tomorrow at Armory, Bay Street

The Canadian Scottish intend getting away with an early start in the Summer shooting. A meeting is called for tomorrow night at 8 o'clock in the Orderly Room of the regiment in the Armory Building, Bay Street, to form a rifle association, and it is hoped all members of the 16th Battalion who are interested in shooting will be there. It is expected also that some of the ex-members of the 50th and 88th Rifle Associations who are showing an interest in the new regiment will come. No musketry instructor has yet been appointed, but it is confidently expected that Ottawa will send some instructions in this connection within the next few days.

ALBIONS AND CONGOS WILL PLAY SATURDAY

The Congos and Albion cricket clubs will play a practice game on the Albion ground at Beacon Hill on Saturday, commencing at 2:30, when all members of the clubs are requested to attend.

Baseball Practice

The K. of C. baseball team will hold a practice at the Royal Athletic Park this evening at 6:30.

One and a half hour's motor trip over the Malahat. Lunch at Strathcona Lodge.

GOULDING APPLIES FOR REINSTATEMENT

Champion Walker of 1912 Olympics to Represent Canada If Amateur Status Can Be Restored

TORONTO, April 28.—George Goulding, champion walker of the world, has applied to the national registration committee for reinstatement. In his application to Chairman Claude Robinson, it is understood, Goulding states that his work at the Central Y. M. C. A. is not that of a physical director. It is on this claim that the success of his application rests, because the amateur authorities will not reinstate a physical director.

Goulding is the fastest walker ever developed, and he would undoubtedly win many points for Canada were he permitted to compete in the Olympic Games at Antwerp. At Stockholm, in 1912, he beat the world's best and was hailed as champion.

In case the registration committee declines to reinstate Goulding, it is likely that "Jack" Freeman will represent Canada at the Olympiad.

WRESTLING TRYOUTS AWARDED TO TORONTO

TORONTO, April 28.—The Canadian Olympic committee has awarded the Olympic wrestling tryouts to Toronto. They will be held at the West End Y. M. C. A. on Friday and Saturday, June 11 and 12. The weights are as follows: Feather, 121 pounds; light, 136; middleweight, 154; light heavyweight, 178; heavy, over 178. There is a possibility that the Canadian Amateur Athletic Union will couple the Canadian championship with the Olympic trials. If so, two weights will be added, as the Canadian championships include 108 and 115 pounds.

YANKEES ARE SECOND IN OLYMPIC HOCKEY

ANTWERP, April 28.—America won second place in the Olympic hockey contests, defeating the Czecho-Slovaks tonight 16 to 0. The Americans scored almost at will.

Swedes Beat Swiss

ANTWERP, April 28.—Sweden beat Switzerland in the hockey contest late today by a score of 4 to 0. Sweden will play the semi-finals tomorrow with the Czecho-Slovaks.

The Americans had little difficulty in scoring at will in the first half of the contest, although the Czecho-Slovaks showed occasional bursts of speed. Seven goals were scored in the first period, while in the second half Larry McCormick made five of the nine scored by the Americans.

The second half was much the same as the first, the Czecho-Slovaks trying hard but vainly, to hold down the count. Tonight's victory gives America a total of three points in the Olympic ice events, which ties with Canada and Finland for third place. Sweden takes first place and Norway second. The American line-up was:

Goal, Wilderborner; defence, Fitzgerald and Gebeau; rover, Symons; forwards, Conrey, J. McCormick and Larry McCormick.

Martin K. O.'s Jamieson

GRAND RAPIDS, April 28.—Mike Martin, A. E. F., heavyweight champion, of Milwaukee, knocked out Jamieson, of Minneapolis, champion of the Thirty-second Division, in the sixth round of a scheduled 10-round contest tonight. Two swift blows to the jaw so dazed Jamieson that he was counted out while on his knees.

Stable Manners

YOU will notice nothing of that sort around here; for patrons of this establishment know how to play a gentleman's game like gentlemen.

Besides, the English billiard tables, cues, comfortable chairs—every appointment—are in perfect condition. It is a quiet, restful club-like place that you can bring a friend to for a good game of billiards or a comfortable smoke.

CAUGHT WITH COCAINE

Ah Sing Arrested by Detectives and Booked on Two Counts—Young Girl Also Taken

Ah Sing, Chinese, was arrested last night by Detectives Macdonald, Heather and Phipps and booked on two counts, one of being in possession of cocaine, the other of attempting to supply the drug to Jessie Oates. The arrest was made at the rear of the post office where the Chinaman and the girl were caught after a chase. The girl, who has already been before the court on several occasions, was charged with vagrancy.

In Ah Sing the detectives believe they have secured one of the chief drug purveyors of the city, a leader in the traffic which of late has been assuming alarming proportions. A search of Ah Sing's room in premises on Cormorant Street resulted in a considerable quantity of cocaine being secured.

Declare Potato Boycott

STRATFORD, Ont., April 28.—Three hundred women, at a meeting in the city hall yesterday afternoon, pledged themselves not to buy any potatoes for one month unless offered at $3 a bag.

PRINCE RUPERT, April 28.—One hundred and forty men are affected by the strike at the Dolly Varden mine and the works are closed down. Company officials declare that the company cannot meet the men's demands.

JIMMY WILDE MAKES HIS POSITION CLEAR

Has Never Refused to Meet Moore or Sharkey — Will Box Any of Them at 116 Pounds

PHILADELPHIA, April 27.—Is Jimmy Wilde following the well-known line of least resistance in his pursuit of the festive American dollar? The little Briton has been the subject of an unusual amount of criticism of late for his seeming unwillingness to engage in fisticuffs with either Memphis Pal Moore or Jack Sharkey, and for accepting bouts with men of admittedly inferior skill.

In his dressing room in the Third Regiment Armory of Camden, a few moments after Referee Billy Rocap had humanely and wisely halted his argument with "Battling" Murray, the Philadelphian, in the eighth and closing session, Wilde unburdened himself of his side of the argument.

"I have not refused to meet either or both at any time. I am booked for bouts in this country until May 24, when I am planning to return home. But if I am offered what I believe my services are worth, I will postpone my homeward journey and remain here to accept the match or matches, as the case may be. Sharkey has been tendered an offer of $12,500 and three round trip tickets to meet me in London. I will undoubtedly draw down a like sum for the bout.

"If there is any American promoter willing to cover this offer, I would just as soon have the question of differences between Sharkey and me settled here. So far as my barring Moore, Sharkey, or any other particular American bantam is concerned, all that I can say I don't believe the gentlemen circulating the rumor are justified. No one who can make 116 pounds ringside will be rejected as an opponent for me."

WEST BROMWICH HAD WONDERFUL CAREER

Champions Present Object Lesson to Other Clubs by Relying Almost Entirely on Home Talent

West Bromwich Albion, who have been declared champions of the first division of the English League, have had a wonderful career since the present season opened, and one which presents an object lesson. They have relied on but 18 players—a small company which at once suggests that their men have been fortunate on the field and off it. Even at that, five of their players—Moorwood, Cook, Reid, Hatton and Waterhouse—have between them only taken part in 11 games, whereas 17 appearances are the fewest for any other player.

Not a man has been transferred to the club during the season, and, so far as is known, Waterhouse is the only first-class footballer they have disposed of, and he migrated to Derby County, for Jamie Methven was seeking his services in the middle of March.

West Bromwich Albion have not paid such sums as $15,000, as some clubs are reported to have done, for a player. This has never been their practice, and they have today a whole team which has entailed a minimum expenditure compared with other clubs in the league. As a matter of fact, the Albion have spent less on transfers than any club in the first division—and they are the champions.

West Bromwich have not scoured the British Isles for players. They have been content to discover, first of all, the treasures within their own territory, and here is another object lesson which teams who are not satisfied unless their players are of "foreign" extraction might well take to heart. "Encourage the home product" has evidently been the motto of the Birmingham team, and it is one which has been wonderfully successful.

Use Home Talent

Hubert Pearson, the goalkeeper, hails from Tamworth. He has played in every game but three. Their clever right back, Joe Smith, is a native of Dudley, and every fan is aware that Jesse Pennington is a pure-bred "Throstle." Thus the defense is entirely local. In regard to the half backs, Bowser belongs to Handsworth, Richardson comes from Great Ridge, and McNeal from Hobson, which is a village in the north country.

Claude Jephcott is a member of an Oldbury family, while Crisp is just as local, being from Great Barr. The sturdy little player, Magee, is a Lancashire lad from Widnes. A. W. Smith is a youth from Langley Green, Bentley is a native of Derbyshire, and Hatton is a local product. Howard Gregory was born in Aston, and Morris was born in a little town in Staffordshire.

From this catalogue it will be seen the Albion have relied entirely upon Englishmen, and mostly from their own immediate district. With the exception of Bentley, who has played for Derby County and Bolton Wanderers, and Smith, who was formerly with Birmingham, none of the other players have made their mark with other clubs.

The Albions have ever had a watchful eye on the juniors, and the right material, once secured, has been carefully tutored and trained, and to this is due their remarkable record in English football. If this can be done by West Bromwich it is fair to infer that other clubs could follow their example with great advantage to the game. There is more credit coming to a team that raises its own players than one of the made-to-order kind. All honor, then, to West Bromwich Albion!

TUBMAN WILL SHOW HIS WARES TO KNOX

CALGARY, April 28.—Ray Tubman, one of the best all-round athletes developed in Ottawa in years, who recently located near Red Deer, Alta., as a farmer, will come to Calgary on May 8 to perform before Walter Knox, coach of the Canadian Olympic team.

JOHNNY O'LEARY HAS PLENTY OF CLASS

Made Good Showing in Come-back Bout Against Red Gage in Vancouver—Bout Ends in Draw

VANCOUVER, April 28.—Real action featured the fight card at Dominion Hall last night when one of the biggest crowds that has attended any of Freddie Welsh's shows gathered at the fistic auditorium and there howled their delight over the thrilling situations that were crammed into the twenty rounds of milling.

Johnny O'Leary, former Canadian lightweight champion, essayed a come-back against Red Gage, of Seattle, and while the shifty Gage proved an elusive target, O'Leary showed that he still packs a lot of stuff, and won a big hand on his performance. His work in the clinches was better than anything that has been seen here for months. The bout was a draw. Johnny carried the fight to Gage in every round, while the ruddy youngster from across the line was content to meet the rushes with everything he had. Gage depended on his left to solve the O'Leary attack, and on several occasions hung a shock or two on O'Leary's jaw. Many of his swings, however, were wrapped around O'Leary's neck and weren't so bad as they looked.

At the end of the first round Johnny cracked Gage simultaneously with the bell; it was a short hook to the chin, and the fact that Gage fought with renewed frenzy seemed rather unnatural as the round had finished. Referee Burke was forced to stop the milling. Back in his corner, Red was given a whiff of the salts and came out in the second again just like new.

O'Leary showed class in the manner in which he went into the inevitable clinches with his infighting tactics. On few occasions was Gage able to gain any perceptible advantage through the situation as the opposing defence was a little too tight.

In the last round O'Leary hit Gage in the stomach during one of his rushes and the Seattle boy gasped. He fought back, however, but missed opportunities that Johnny, in similar instances, was quick to convert. In face of O'Leary's experience and finish, Gage made a good showing to get away as clean as he did.

Knox Beat Woods.

While the main go was laden with a goodly portion of thumping and spectacular flashes of fisticuffs, the racket between "Noodles" Knox and Soldier Woods, of Seattle, wherein Woods took the worst lacing that has been jammed in a four-round swatfest in this city, was the best of the night. Woods left the ring with his face swollen and bleeding from the staggering blows that Knox seemingly landed at will after that first right cross in the opening round; Knox won decisively.

In the semi-windup, Frank Pete had the edge on Georgie Ross, but they called it a draw. Ross was not fighting in his usual form last night, and was missing them regularly. Pete fought with more deliberation and consistently measured Georgie for the series of lefts and rights that he shot at Ross' face and tummy.

In the third round Ross evidently realized that he was destined to lose the call unless he speeded up and thereafter injected more snap into his work. He gamely carried the fight to Pete, but was apparently not in condition. The referee and judges were united in the decision.

Eli Caston at last received the verdict that was rightfully his when he outpointed Charlie Davidson in three rounds out of four. It was the third fight that Caston has won here, but on the two other occasions he was held to a draw.

Billy Bertram and Owen Hogan opened the festivities and afforded much amusement and several thrills. Billy had a distinct edge in the first round and then relaxed. In the third Hogan clouted Billy on the jaw and Bertram went down. It was a pretty fair draw.

U. S. RAILWAYS INSIST ON PREPAYMENT RULE

MONTREAL, April 28.—Intimation was given yesterday by the United States railways that they intend to proceed with their regulation providing that on and after May 1, all freight shipments to any point in Canada must be prepaid at the point of shipment clear through to the point of destination in Canada in United States currency, irrespective of the mileage on United States lines or the mileage on Canadian lines.

Canadian importers who are affected by the decision of American and Canadian railways to complete the prepayment of all freight charges at the point of shipment will appeal against it to the interstate commerce board and the Canadian railway commission, it was announced here today.

The effect of the decision is to increase the cost of United States goods, particularly coal, by 10 per cent.

The exchange situation has been responsible for the action of the railways.

NEW PLAYERS JOIN CAPITALS FROM SOUTH

First Baseman and Outfielder Arrive to Help Out Boss Leard—Team Goes to Bremerton Tomorrow

"Chuck" Edwards, first baseman, and "Toots" Brown, hard-hitting outfielder, both of them fresh from service in the Pacific Coast League, arrived in town yesterday to take their places on the roster of Bill Leard's Capitals. They will don their uniforms today and get into the regular workout at the Royal Athletic Park.

Both Edwards and Brown come to the local team with enviable reputations for good all-round ball playing, and there is little doubt that they will prove valuable additions to the lineup, which is already imposing.

Nearly all the men so far signed up and who are pretty sure of a regular berth with the Capitals are seasoned players who have had experience in fast company and can be depended upon to make good in a pinch.

Bill Leard, a born hustler himself, is making everyone on the lineup work hard, and by the commencement of the season expects that his team will be in prime condition to meet the best that the league can offer in the way of opposition. So far the team has been handicapped somewhat by the poor grounds available, the surface at the Royal Athletic Park being rough. Several exhibition games have been arranged for, however, and these contests will give the players an opportunity of applying the finishing touches to their field technique.

Tomorrow the Capitals leave for Bremerton, where they are scheduled to play a couple of games. Then they journey to Tacoma to get in some practice preparatory to the league's opening fixture, May 5.

REVOLT SPREADS THROUGH MEXICO

Reports Indicate Rapid Growth of Movement Against Carranza—Eastern and Western Coasts Involved

EL PASO, Tex., April 28.—Ruiz Sandoval, consul-general here for the Mexican Federal Government, today confirmed reports of a revolt in Chihuahua City, capital of the state of Chihuahua, but said he was without information as to details. "There was fighting, but beyond that I know nothing of the situation," said Sandoval.

AGUA PRIETA, Sonora, April 28.—Mazatlan, Sinaloa, a port of the Pacific Coast of Mexico, is being attacked by revolutionary forces under General Angel Flores, according to an unconfirmed report received at military headquarters here. General Calles announced the attack had been expected since yesterday.

Approximately four thousand Carranza troops at Parral and Jiminez, Chihuahua, revolted yesterday, according to information given out here today by General P. Elias Calles, commander of the revolutionists in Northwest Mexico.

WASHINGTON, April 28.—Advices from Mexico through official channels state that rebels have occupied the town of Alvarado, on the Gulf coast south of Vera Cruz, and that federal troops have been sent from Vera Cruz in an effort to regain control of the port.

At Salina Cruz on the Pacific Coast, all business places were reported closed yesterday as a result of the revolt of the Government garrison of seventy men, who robbed the post office, telegraph office, express office, stores, disarmed the police and customs officials, cut the telegraph wires and took all the available horses in the city.

Mexico City newspapers yesterday confirmed reports that had reached here of the revolt of General Cosio Robelo and General Maycotte and announced that Generals Rafael Garza and Gujardo, near Mexico City, had joined the revolution.

LAREDO, Texas, April 28.—Passengers arriving here today from Monterey reported that the tension in that Mexican city was high but no outbreak against Carranza had occurred up to the time they left yesterday.

JUAREZ, Mexico, April 28.—Chihuahua City was quiet at noon today and all Americans there were safe, according to a message received this afternoon by American Consul E. A. Dow here from J. B. Stewart, American consul in Chihuahua City.

EL PASO, April 28.—Revolting troops in Chihuahua City have been driven from the state capital by loyal forces.

SAN ANTONIO, Tex., April 28.—La Pensa, a Mexican newspaper published here, tomorrow will print a dispatch from Mexico City saying a number of shots have been fired in the capital and describing the conditions there as serious. No other details are given. The dispatch bears evidence of having been censored.

Wireless Telephone Fails

SEVILLE, Spain, April 28.—King Alfonso attempted to use the wireless telephone in communicating with King George, of Great Britain, yesterday, but failed. The Marconi wireless telephone system installed on William Marconi's yacht did not function properly.

Mrs. G. L. Agnew is leaving tomorrow afternoon for Kamloops, where she will make her home.

STILL FEW "GREEN STOCKING" TICKETS

Number of Fifty and Seventy-Five Cent Tickets Turned in Unsold—Can Be Procured at Theatre

There still remain a few seventy-five and fifty cent tickets for the comedy, "Green Stockings," to be presented at the Royal Victoria Theatre tonight. A few tickets have been handed in unsold and may be procured at the box office, which opens this morning at 10 o'clock. There are also a limited number of higher priced tickets remaining, and these may also be obtained at the theatre.

"Green Stockings" has been presented by the talented cast of players from the University of B.C. in a number of British Columbia cities, and has met with high praise at all points. The performance this evening is under the auspices of the Kiwanis Club and the proceeds are going to the fund for the new Jubilee Hospital.

The University players will arrive this afternoon from the Mainland and will return home Friday afternoon. The Kiwanis Club will take them for a drive around the city and out to the Observatory on Friday morning and will entertain them at luncheon, driving them from the Empress Hotel to the boat.

PANTAGES THEATRE For scenic effects, "On the High Seas," the headline attraction on the current bill at the Pantages Theatre has never been equalled. There are four scenes in the production, each of which is more thrilling than the one before. The climax is a vivid reproduction of battleships approaching on a rough sea. Guns are firing and shells are bursting. The big ships come plunging on until it seems that they are actually going to leave the stage and dive into the audience. There are 17 people in the company, and a special car is required to carry the scenery and equipment. Another feature act is that presented by Britt Wood, "The Boob and the Harmonica." Four other topnotch turns and the opening chapter of the new serial of romantic thrills, "The Adventures of Ruth," will complete one of the most enjoyable entertainment programmes offered for several weeks.

PRINCESS THEATRE For singing and dancing none can excel the colored race, and it seems the cream of the colored talent has been brought into the Famous Georgia Minstrels, at least this company has established itself as a top liner attraction and is not thought of as a "nigger show"—it being in the same class and character as any white minstrel, unless it be that it is superior, and the white people appreciating the efforts of these deserving people are very liberal in their patronage. So far this season, reports verify the fact that five nights out of the week, hundreds are turned away from the Famous Georgia Minstrels. They will be here at the Princess Theatre Tuesday, May 4.

ROMANO THEATRE Frank Keenan, "America's Greatest Character Actor," comes to the Romano Theatre today in his newest Pathe offering, "The False Code." Written by Mrs. Kate Corbaley and directed by Ernest C. Warde, the story is a swiftly moving drama of modern American business life. Frank Keenan will cause your heart to throb with sympathy for the innocent man who was "framed" by selfish associates and made to suffer disgrace and degradation for their crime. After twelve years in jail he comes forth as an avenging Nemesis, swearing retribution against those who robbed him of happiness, of home, of wife and of all that made life dear to him.

DOMINION THEATRE A beautiful and extremely novel prologue is a pleasing feature of "The Tree of Knowledge," Robert Warwick's latest picture, which is being shown at the Dominion Theatre this week. The participants are Theodore Kosluff, the well-known Russian interpretive dancer, and Yvonne Gardelle, also a dancer of note. In a setting representing the Garden of Eden they enact the mythical story of the encounter of Adam and his demon-wife Lilith, who is supposed to have inhabited the earth before Eve was created and to have tempted the Man as the serpent tempted the Woman.

The prologue is linked up closely with the main story of "The Tree of Knowledge" and fades into the action, which portrays how a modern daughter of Lilith lured the Adam of today and the dire consequences. However, there is a silver lining and the ending is a happy one, thanks to the courage and resourcefulness of the hero, played by Mr. Warwick. The picture is a Paramount-Artcraft and was directed by William C. De Mille.

AMUSEMENTS TODAY

The Stage
Royal Victoria—"Green Stockings."
Pantages—Vaudeville
The Screen
Dominion—"The Tree of Knowledge."
Variety—"I Believe."
Columbia—"The Devil's Wheel."
Romano—"The False Code."

VARIETY THEATRE Tales of the "sawdust trail" hold no such dramatic moments as are frequently encountered in the story of conversion pictured in "I Believe," which is showing at the Variety Theatre this week. The scientist claims there is no God, and places his belief in cold science alone. Then comes a series of events which bring a change of mind and which lead to a thrilling climax. Filmed in England, with an English setting, the picture contains some fine pictorial effects.

COLUMBIA THEATRE In the Apaches of Paris is some of the best blood of France. Some of those who have done the most vicious deeds and caused the most frightful tragedies have been related, often lineally, to men whose names have been illustrious and whose minds have startled the world with their brilliancy. In the new William Fox photoplay, "The Devil's Wheel," in which Gladys Brockwell is the star, and which is showing at the Columbia Theatre, we become acquainted with the Apache in a new light. We find one who is thoroughly capable of goodness and faithful love. Who knows what the ancestry of this man might have been? Once the better side of his nature is awakened by the love of a beautiful woman, he is as tender and as unselfish as he was formerly vicious and repellent. This William Fox play gives an excellent picture of Apache life.

PROFESSOR MacDONALD CHARMS BIG AUDIENCE

Able Lecture on Life of Robert Louis Stevenson Delights Large Gathering of Teachers' Profession

Addressing an audience of nearly 200 in the High School auditorium last night, Professor MacDonald, of the faculty of the University of British Columbia, delivered an engaging address on the life and works of Robert Louis Stevenson. The lecture was given under the auspices of the Victoria and District Teachers' Association, with the president, Miss McKilligan, occupying the chair. The audience was composed largely of members of the teaching profession, while many High School students were in evidence.

Recounting briefly the earlier days of the author's life, Professor MacDonald told what a great influence his environment and ever-present suffering had manifested in his work. Always fighting for health—and ever a losing fight—his philosophy of kindness to humanity and self-sacrificing and stoical courage was all the more extraordinary. Destined by his parents for an engineer, "R. L. S." had set his heart on the profession of letters, but as a concession to his father's wishes he studied for and was finally admitted to the bar. Ill health again becoming a serious menace he was driven South by his medical advisers.

Here on the Island of Samoa, although suffering terribly, the author composed some of his most wonderful works. Ever dear to the hearts of boys for his brilliant recognition of the type and ingredients of a work that appeals to their ready imagination, Stevenson's "Treasure Island" has the reconstructive quality that makes one live youth again, concluded the speaker.

Professor MacDonald held the attention of his hearers for over an hour and gave local students of philosophy a clearer vision of the essentials of true humanity. On the conclusion of his address he was tendered a hearty vote of thanks by his audience.

Pale-Cheeked Girls Tired-Out Women Quickly Built Up

WONDERFUL RECORD MADE BY NEW BLOOD-FOOD REMEDY

Certain Results Guaranteed.

Pale people have pale blood.
In other words, the blood is watery and lacks red corpuscles.
The stomach is wrong.
Assimilation is poor and food is not changed into blood. Naturally the system is robbed of vitality, lacks strength and reconstructive power.
Don't slip from vigor into weakness. Don't allow the appetite to fail, but instead use Ferrozone.
You're bound to feel rejuvenated and strengthened at once.
Appetite is braced up, digestion is stimulated, vigor imparted to the stomach. Everything you eat is transformed into nutriment that supplies what your thin, weak system needs.
Vital, life-giving blood that makes rosy cheeks and dancing eyes—that's the kind that Ferrozone makes.
The strength and buoyancy that defies depression and tiredness, that's the sort you get with Ferrozone.
Every pale woman can transform her bleached-out appearance with Ferrozone.
Not only will it improve looks and spirits, but by rebuilding all weak, tired organs, Ferrozone establishes a soundness of health that's surprising.
For women and girls who want to feel well, to look well, to be well, and stay well, nothing known in the annals of medicine is so certain as Ferrozone.
Won't you try Ferrozone?
Concentrated cure in tablet form, that's Ferrozone, 50c per box or six for $2.50, at all dealers, or direct by mail from The Catarrhozone Co., Kingston, Ont.

FORD MOTOR COMPANY TO BE REORGANIZED

LANSING, Mich., April 28.—Formal notice of the proposed reorganization of the Ford Motor Company and other interests of its stockholders was filed yesterday with the Secretary of State. The papers indicated that the automobile and tractor business will be consolidated and reincorporated as a $100,000,000 Delaware corporation. The corporate powers of the new company will permit it to manufacture aircraft, internal combustion locomotives, and railroad cars, including the auto truck and tractor business, now conducted separately. The capital stock, it is understood, will be held by Henry Ford, Edsel B. Ford and Mrs. Henry Ford.

Incorporation is to be under the Delaware laws because the Michigan laws do not permit organization of a company with capital stock of more than $50,000,000.

U.S. and Russia

ATLANTIC CITY, N.J., April 28.—The board of directors of the United States Chamber of Commerce today authorized appointment of a commission to proceed to Europe to investigate the possibility of resumption of trade relations between the United States and the Russian people.

TRIO OF ARTISTS PROVED POPULAR

Florence Otis, Florence Austin, and Joseph Martin, Who Played at Empress—New Programme Tonight

The trio of artists who appeared at the Empress Hotel last night under the auspices of the Willows Camp Chapter, I. O. D. E., established such happy relations with their audience on this occasion that tonight, when they give their second programme, they are practically assured of enthusiastic support. Everyone came away enthusiastic as to the merits of each of the musicians, and there is certain to be some stimulus to public interest through the praise of those who were privileged to listen to the concert last night.

All three artists have several creditable traits in common: they are conscientious, they are also skilled in the technique of their respective instruments. This applies as much to Miss Florence Otis, the soprano, who comes as the leading member of the company, as to the violinist, Miss Florence Austin, or the pianist, Mr. Joseph Martin. All three bore out the promises of the advance agent, and their programme was quite exceptional in the omission of so much that is hackneyed both in song and instrumentation.

Miss Otis has a voice of pure soprano quality, and in her several groups of songs she found opportunity to reveal both its range and brilliance. "Reveries," written by Terry and dedicated to the singer, afforded one of the nicest examples of her abilities, big register and varitey of tonal color being employed with ease. Claude Warford's "Pieta" was sung with wonderful appeal, the singer displaying both musical understanding and emotional sympathy in her interpretation. Another of the well-liked numbers was "The Maids of Cadiz," sung in French and with just the right tonal coloring.

The violinist, if one recalls rightly, has been heard here before, and confirmed former impressions of being a scholarly and thoughtful player. Ethel Barnes' "Swing Song," a very lovely composition played on muted strings, and with perfect rhythm, was one of the gems of the evening's programme, and by special request is to be repeated at tonight's concert. The "Moments Musical," which was inserted in the place of one of the other numbers in the same group, was played with much expression.

The pianist played one of his most difficult numbers to open the recital, this being the Mendelssohn "Andante and Rondo Capricciosso." He shows considerable refinement in technique, and in his second group there was an excellent opportunity for comparison of his treatment of the delicate and the dramatic, the Spanish Legend, played with fire and fine execution, standing side by side with the dainty little Iljinski "Berceuse," the delicacy of which he emphasized to a nicety.

Tonight's programme is completely different, and in Mr. Martin's opening group will be his own arrangement of Offenbach's "Tales of Hoffman," which is an ever popular composition.

SEATTLE ORGANIST IN MODERN MUSIC

Ferdinand Dunkley, F.R.C.O., Gave Recital Last Night at Metropolitan Methodist Church Before Big Audience

Organists and lovers of organ music composed the big audience present at the Metropolitan Methodist Church last night to hear Ferdinand Dunkley, F.R.C.O., of Seattle, who played a most interesting programme, assisted by the well-known Victoria singer, Mrs. Jesse Longfield.

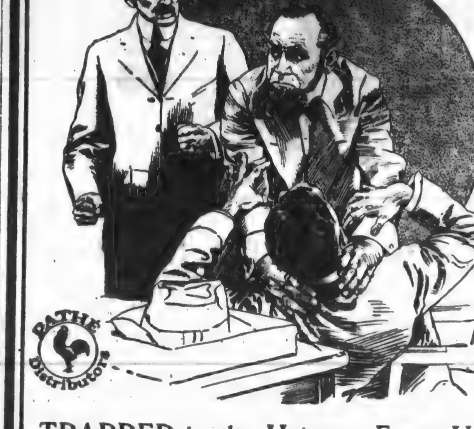

In some respects it is one of the most remarkable recitals of the kind heard here, the programme being made up, for the most part, of compositions of the ultra-modern school. Both in the actual and comparative sense, most of the music was distinctly new to Victoria, many of the composers' names being actually unknown to any but the most up-to-date students. On the other hand there were one or two examples of the pre-modern school, the very last number, for instance, being by Wolstenholme, a composer whose name appears on practically every organist's programme.

Mr. Dunkley couples with splendid technique a polished style, and fine taste, breadth, and a sense of musical values united with certain delightful temperamental characteristics to elevate his whole work to a very high plane of art. His delicacy of shading alone was responsible for some of the finest effects produced. The Sonata Cromatica, which opened the recital, was undoubtedly the biggest thing of the evening, and although it "broke new ground" for most of those present, it succeeded in leaving a profound impression as played by Mr. Dunkley.

Mrs. Longfield's contributions to the programme were delightful, her fine, warm contralto, which seems consistently to improve both as to quality and in the manner of its employment, being always at its best in sacred or semi-sacred composition. Particularly beautiful last night (to mention but one) was her rendering of Landon Ronald's "Life's Prelude," which she sang with rare sympathy and understanding. But all her numbers were beautiful.

Mr. Dunkley's recital was given under the auspices of the Young Ladies' Society of the Metropolitan Church.

THE PHARMACEUTICAL EXAMINATION RESULTS

Registrar Is Now Advised of Candidates Who Passed Recent Examination in Vancouver

Registrar Joseph H. Emery has just received the report of the Board of Examiners of those who passed on the semi-annual examinations of the Pharmaceutical Association of British Columbia, held in Vancouver Normal School, April 14 and 15, as follows:

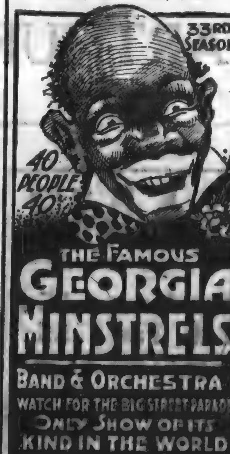

Major examination (in order of merit), giving qualification "Licentiate of Pharmacy": Francis Earl C. Grummett, Vancouver Drug Co., Ltd., Vancouver; George Baillie, Vancouver; Augustus Bailey, Cunningham's, Vancouver; George Wendell Fisher, Jas. W. Harcus, Vancouver; Wm. V. Tomlinson, Calgary; Allan Edwy Davis, Reliable Pharmacy, Vancouver; John G. MacFarlane, Calgary; P. R. M. Wallis, H. E. Wallis, Victoria; Donald J. Buckley, Hazelwood, Trail; George Roland Heyworth, Vancouver, and Robert Geddes Stewart, W. J. Vernon, Vancouver, equal; Wm. S. McKeown, Vancouver, and Irvin Goth, Palm Drug Co., Vancouver, equal; Edward Charles Lavis, Atkinson, Vancouver; George Francis Fox, Vancouver; T. J. R. Jones, Couzens', Vancouver.

Major Supplementary Examination: Harry Cameron Fisher, D. S. Curtis & Co., New Westminster.

Minor Examination, giving qualification "Certified Clerk", in order of merit: George Palmer Doran, J. Robertson, Vancouver; Harold Wharton Warner, Vancouver General Hospital; Thomas Kilkes Kennedy, D. S. Curtis & Co., New Westminster; Herbert W. L. Fee, Cunningham, Vancouver; Robert Cochrane, Vancouver; Robert W. Smith, Boyer, Vancouver; John G. Adams, Cunningham, Vancouver; John Poole, T. A. Wilson, Vancouver; Williamina George, Dr. W. G. Morris, McKay; Fred C. Turville, Vancouver Drug Co., Ltd., Vancouver; Ernest C. Reycraft, Vancouver Drug Co., Ltd., Vancouver.

Minor Supplementary Examination: Carlos G. Frost, Vancouver; Robert Joseph Rennie, New Westminster; Esmond Parker Yarwood, Vancouver.

CALGARY MINISTER PRAISES TANLAC

Tells of Wonderful Change It Wrought in Wife's Condition

Yet another minister of religion to give his unqualified endorsement to Tanlac as a medicine of remarkable merit, is the Rev. John Zaetschky, pastor of the Lutheran Church, Ohio Synod, Calgary, Alberta, who resides at 1920 Five and a Half Street W., in a statement made at the Liggett's-Findlay Drug Store recently.

"For nine years my wife suffered from dropsy," he said, "and for the past five years had been in a very bad state of health. Her appetite was very poor, and yet although she ate but very little, she always had a full feeling after meals. She had a drowsy feeling all the time from which nothing could arouse her, and felt tired both mentally and physically. She often complained of acute pains across the back, which were so bad that she had to let her work go entirely, and at night her sleep was very disturbed. Her nervous system became so shattered that the least thing would alarm her, and she was getting worse year by year. She tried all kinds of treatments, and even went to the hospital on several occasions, but always failed to get more than temporary relief.

"We had read much about the merits of Tanlac, and finally I bought a bottle. It seemed to do my wife good, and so I continued with it. She has now taken three bottles in all, and a decided change for the better has been the result. She now sleeps the whole night through, and has lost that tired, drowsy feeling. She is so much improved that she can now do her housework with perfect ease, and the pains in her back have disappeared entirely. I would not go so far as to say that she is entirely relieved of the dropsy, but it does not bother her half so much as it did, and she has not been so well for many years past. Tanlac is helping her wonderfully, and we wouldn't be without it on any account. It is certainly a splendid medicine, and I take pleasure in recommending it."

Tanlac is sold in Victoria by D. E. Campbell, Druggist, and in Esquimalt by Robert Lang. (Advt.)

FINANCIAL SITUATION IMPROVES IN JAPAN

NEW YORK, April 28.—The Japanese stock exchange will reopen May 1, according to advices received here today by a large Japanese import and export company. The silk, rice and cotton exchanges now are open, the advices stated, adding that the silk exchange reopened April 20.

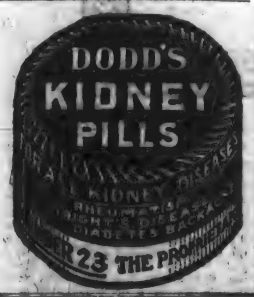

TOKIO, April 27.—The financial situation here is apparently sound, according to local bankers, the Bank of Japan and other leading banks rendering necessary accommodation to sound business houses. The difficult financial situation was due immediately to the Government policy, designed to check widespread speculative promotion of war-time mushroom industries, which had continued since the armistice.

Modern Bluebeard in Egypt

CAIRO, April 28.—The work of a modern bluebeard has been discovered at Tanta, 54 miles northwest of Cairo, noted for its Mohammedan festivals and fairs. Women enticed into a certain house on the pretext of meeting a wealthy admirer have been robbed of their jewels and then murdered. Afterwards their bodies were burned except for the heads, 20 of which were found in the house.

Negotiate for Chilco Ranch

VANCOUVER, April 28.—Negotiations are proceeding for the sale of the Chilco ranch, near the 150-Mile House, in Cariboo, for a price in the neighborhood of $220,000. The ranch is the property of J. C. Trethewey, the well-known mining man.

MERGER TERMS TO BE SUBMITTED

Directors of Three Big Canadian Companies to Know Today Proposals of British Empire Steel Corporation

MONTREAL, April 28.—Directors of the Dominion Steel Corporation, the Nova Scotia Steel and Coal Co. and the Canada Steamship Lines, Ltd., will have in their possession by tomorrow afternoon the terms on which the British Empire Steel Corporation is prepared to effect the change of the securities necessitated by reason of the ambition to consolidate the steel, coal and shipping resources of the Dominion.

Col. W. G. Grant Morden, M. P., interviewed today, stated that the terms on which the foregoing three companies are to be dealt with are economically equitable and at the same time conservative, with assets of more than three times and over behind the parity of every share of stock it is prepared to issue.

It is understood that the board of directors of this $500,000,000 corporation will include among its Canadian personnel a number of those already connected with the three companies in an executive way, with Mr. Roy Wolvin, the president of the Dominion Steel Corporation, at head of the new consolidation.

LIFE IN BERLIN

(By G. Ward Price, in The London Daily Mail)

Cold food, mostly out of tins.

Beds not made, or bedrooms or boots cleaned for a week.

Electric lights and water only on occasionally.

A few bursts of shooting in the streets.

Continual alarming reports of imminent attack by

(a) the Bolsheviets and (b) the Baltic troops.

That, in schedule form, is what a week of general strike and revolution has meant for the English and other foreigners in Berlin, who almost all of them, live in the hotels on Unter den Linden, or close by.

To most of them the political significance of daily events has been obscure, and, indeed, secondary. The newspaper correspondents, privileged in the possession of their Ausweise, or passes—of which they have held three during the week, according to the various changes of government—could go out and pass the barriers of barbed wire, armored cars, machine guns, and soldiers armed to the teeth with rifles, bayonets, and bombs, and would return with the latest official report from the Foreign Ministry or the Chancellor's palace, and the latest rumor from the corner of the Wilhelmstrasse, which has been the crowded forum of this week's political upheaval. It was their job to try to follow the kaleidoscopic changes of the situation from hour to hour. But what interested the rest of the Britons in Berlin far more than whether Krupp was shot as a traitor, or whether Trebitsch Lincoln became German Emperor, was the speculation as to their chances of getting a hot meal.

People would pass on to each other with the utmost secrecy the names of obscure little eating-houses where, in spite of the general strike, they were still serving warm victuals.

There was as much mystery about it as there would be in going to a gambling hell. "Along the street opposite, then the second to the right, and it's the fourth door on the left. You knock five times. First twice, then three times more—like that. They've got to be careful, because the waiters who are out on strike from there say they'll come and smash the place up if they go on serving food. And, of course, if there's any shooting going on, they won't open for anybody."

* * *

War profiteers of the wealthiest have lurked in their sumptuous suites at the Adlon, surrounded by all the luxury of gilded furniture and thick pile carpets, scooping potted meat out of tins by the light of a solitary candle, and surrounded by a revolting litter of unmade beds, muddied boots awaiting cleaning, and the scraps of the day before yesterday's cold meals still to be cleared away.

The waiters and chambermaids at the Adlon have, indeed, been practising Socialist reprimals upon their capitalist patrons. Although on strike, they have come to the hotel every day in plain clothes to gloat over the havoc which their abstention from work has caused, and to spoil the Egyptians by charging them three marks for the privilege of boiling an egg on a methylated stove in the floor-waiter's pantry.

The guests at the Bristol, the other big hotel on the Linden, have been envied of all Berlin, for there the management has kept cold meals of sparing quantity going all the time, with the hall page-boys serving as waiters. Urchins of 15 have usurped the functions and the airs of the dignified wine-waiter and gravely advised diners upon the merits of respective vintages.

While the Junker Government enjoyed its brief five days of power it was the Bolsheviets who were the bogey of Berlin. Communist rising—armed bands of workmen—Red Terror—such were the alarms which ran along the Linden. When the Junkers bolted it was their quondam supporters, the Baltic troops, who became the peril that kept people awake at night. "They will never consent to evacuate the city," said some. There will be fighting in the streets."

And then when they did go, hooted by the crowd and replying with splutters of machine gun fire as they marched out, the pessimists began to prophesy their early return to sack Berlin. Whenever a door banged loudly or a motor car backfired, someone would exclaim, "The Baltikums!" and when four of them did appear again at the Brandenburg Gate, and were promptly killed by a bomb and bullets from the Green Police on duty here, the Adlon put itself in a state of siege. The gates were banged to, the window shutters drawn down, and people who had not the faintest idea of what was going on assured each other that the "Baltikums" were attacking the city and that the explosion of the bomb was the burst of their first shell.

And now, on Saturday evening, it seems as if it were at last all over till next time. The Communists have not sacked Berlin or established a Soviet Republic, but they have extorted concessions from the old Government which are a big step on the way to something like Bolshevism, and it probably will not be long before the dwellers in the Adlon, which juts out so uncomfortably prominently into the open space between the Brandenburg Gate and the Linden, have to put themselves in a state of siege again.

APPEAL SENT TO KING IN STRIKERS' BEHALF

WINNIPEG, April 28. — King George has been appealed to by the labor leaders' defence committee for the release of the convicted strike leaders.

A copy of a resolution passed at the recent convention has been forwarded to His Majesty, and copies also have been sent to the Minister of Justice and the Governor-General of Canada. In the resolution it is claimed that the trades unions of the city voted for the strike, and were thereby responsible for the same, that there was no intention whatever to overthrow the existing form of government, and that an injustice has been done to labor and the men convicted.

PALESTINE TO GET CIVILIAN RULERS

LONDON, April 28.—The military administration in Palestine will be replaced by a civil administration as soon as possible now that the mandate for Palestine has been given to Great Britain, according to a statement made in the House of Commons today by Mr. Andrew Bonar Law, the Government spokesman.

Mr. Bonar Law added that the change in the administration presumably will be made soon after the peace treaty with Turkey is signed.

FORESEES DECREASE IN RATES ON OCEAN

LIVERPOOL, April 28.—Speaking today at the annual meeting of the Cunard Steamship Co., Sir Alfred A. Booth, chairman of the company, said it was quite prepared for a slump in freight rates, and that the sooner the storm was over the better.

Sir Alfred added that he hoped the slump would result in a definite break in the "vicious circle of rising wages and rising prices."

Socialist Motions Defeated.

BERLIN, April 28.—A Socialist motion to make May Day a legal holiday was defeated today by both the National Assembly and the Prussian Diet. The National Assembly also rejected another Socialist motion proposing that wages should be paid for the period embraced by the recent general strike. In view of the approaching election this test of strength is considered significant, inasmuch as the non-Socialists were solidly arrayed against the Socialists.

South Vancouver Affairs

VANCOUVER, April 28.—Commissioner Gillespie of South Vancouver has instructed the municipal solicitor to appeal against the order issued by Justice Macdonald authorising the Ratepayers' Protective Association to have access to municipal books and documents for a period of 15 days. The Commissioner expects to leave for Victoria tonight to take up with the Government the question of a loan of $200,000 for road work, and the matter of a grant for a new high school.

Covers of old Persian manuscripts are made of shagreen, or sharkskin.

SUBMARINES.

The firth lay like a dragon's tongue tonight
Flaming to westward; with her smoke afire
The far town rose beyond, a Viking's pyre;
Then one by one those ranging shafts of light
With passing benediction fading home,
Have left each lake of calm on sea and land.
The ripple scarcely moves to stir the foam
Or lift a bubble from the quiet sand.

Not on the living tide so wide a peace!
Arrows of silver striking on the bay,
The targe are hunting still in plushes of spray;
The vessel crouches there beneath the trees;
Under the calm of these reflecting seas
Man, too, was waiting, waiting all the day.

—Herbert Asquith, in The Spectator.

PRESS COMMENT

China Distrusts Japan

The very docility of the Chinese does give rise to the apprehension that they might be used by another Asiatic nation to further a scheme of world conquest as great as that of the Prussians. The fear is frequently expressed that Japan, which retains militarism based on that which has been destroyed in Europe, may so dominate China as to create a hegemony of Asia that would place the destinies of all free nations in the control of the oligarchy which controls the Government of Japan. Japan's accretions of territory, while essential to a virile nation, undoubtedly afford support to those who view Japan's expanding imperialism with suspicion and distrust. Since 1895 she has acquired Formosa, the Liaotung peninsula, the South Manchurian Railway, established herself in Manchuria, secured huge interests in Shantung, created a sphere of influence in Fukien into which others scarcely dare enter, besides penetrating peacefully into the Yangtsze Valley and reaching into Mongolia.—Hongkong Press.

The League a Necessity

Great Britain has abolished conscription, and will reduce her army, exclusive of her Indian forces, to 170,000 men. The Anglo-French treaty is conditioned on the ratification of the France-American treaty. Under these conditions a French army of 1,000,000 men is none too large. We suppose it is too much to hope that our Senate will rise high enough to take a world view of this League question. Yet it is certain as anything can be that should France again be attacked by Germany we should have to go to war on the side of France. The question is whether we are willing to take such action as shall make such a war impossible. Unless we are, we shall ourselves be compelled to maintain a much larger army and navy than would otherwise be necessary. In other words, we are back just where we were before the war, and all because we have thus far failed or refused to see the change in conditions, and are unable or unwilling to profit by the war's lessons.—Indianapolis News.

Novelists and the Newspapers.

Mr. Thomas Hardy's confession that he has never learnt the rudiments of journalism stamps him as belonging to a more privileged day. Few of the novelists in the rank immediately below him have escaped newspaper training of some sort. Mr. H. G. Wells served a term as reviewer and dramatic editor; Mr. Kipling led strenuous nights in India on "The Civil and Military Gazette"; Sir James Barrie spent so many of his early days in Fleet Street that he has written almost lyrically of literature's "little sister," in whom he thinks sometimes "there was more fun." The connection between the two worlds was closer last century, perhaps, when Dickens and Thackeray were among the people of Fleet Street.—Westminster Gazette.

As Sheep to the Slaughter

Of course, it must be fairly admitted that the great bulk of the people—and Australians are no exception to the general rule—have not yet reached the thinking stage. They are still in the mental servitude which repeats creeds and catchwords—mere followers of the pack trailing after the noisiest leaders, though occasionally yelping at those leaders and changing them when the scent seems cold. No political party wants its rank and file to think, because its leaders would cease to be in the lead the moment it began to do so. The Labor party even goes the length at times of driving out from its ranks any who assert the right to hold an opinion differing from that of those who have made most noise at its various conferences. The party leaders think of the people as a mass, organize them as a mass without giving room for any diversity of view; and in doing so they rob political movements of all the solid basis of individual conviction and enthusiasm. —Sydney Bulletin.

LONDON, April 28.—In reference to a report from New York to The London Daily News today that Canada had turned down two nominations for Governor-General, Sir George Perley, Canadian High Commissioner, states that no appointment has even been discussed except by the newspapers.

VICTORIA INVENTOR ACHIEVES TRIUMPH

Seabrook Phonograph First Fundamental Invention in Talking Machines for Thirty Years

Word has just been received that arrangements have recently been consummated in New York whereby the manufacture on a large scale of the Seabrook phonograph will commence. This phonograph is the invention of Mr. B. R. Seabrook, a well-known ex-Victorian, and son of Mr. Roads Seabrook, of this city.

The machine is described as being of a new type, revolutionary in character. Experts who recently spent a week at Washington, D.C., searching the records of the patent offices there have stated that the Seabrook invention is the first new and fundamental improvement in talking machines in thirty years.

The invention is covered by a number of patents, one of which is upon a non-metallic sounding device; another, a device for delivering the full undertones and overtones of the record, and a third, an amplifying chamber which controls the sound waves. The usual order of things is reversed in many particulars. For instance, the horn of the instrument is not intended to, and does not, amplify the sound, the amplification being obtained through the means of a special sound "chimney" built into the machine. Whereas in the ordinary type the sound becomes louder as one approaches the instrument, in the Seabrook it is quite the reverse. As a matter of fact, the melody can be heard close to the horn without any unpleasant effects, but as one moves away from the instrument the sound volume increases perceptibly. In short, the sound waves are amplified after leaving the horn of the machine, thus upsetting some recognised principles of science.

Use All Records

An interesting feature is that the speed can be delicately regulated and at the same time the pitch varied so as to be attuned to any musical instrument. The reproduction, particularly of the human voice, is unusually distinct and free from blast or squeaking. The machines use any make of disc records.

Mr. Seabrook has recently arranged with representative of one of the largest and best known manufacturing firms in the United States to undertake quantity production of the machines. Manufacture will commence at once. The instrument, which, externally, will resemble standard styles and will be made in cabinets of varying qualities and prices, will be marketed under the name "Seabrook."

An extra large grand concert instrument will also be made. This machine will be particularly adapted to work in large concert halls and in parks, and while fully retaining the remarkable tonal purity of the smaller Seabrook machines, will deliver sound waves to a great distance.

Included in the deal that has just been transacted by Mr. Seabrook are a number of other inventions, making use of the sound principles of the Seabrook phonograph, such as megaphones, recording apparatus, earphones, fog horns, speaking canopies, etc., all of which are covered by similar fundamental patents to those embraced in the phonograph.

LETTERS TO THE EDITOR

No letter to the editor will be inserted except over the proper signature and address of the writer. This rule admits of no exceptions.

An Appreciation.

Sir,—Will you kindly allow me to use this means of conveying to each member of the Arion Club my thanks and appreciation for the excellent way in which they rendered my musical setting to Sir Walter Scott's poem, which was given in such an artistic manner last night under the able leadership of their conductor, Mr. Herbert Kent. Thanking you for the privilege.

G. JENNINGS BURNETT.
606 Niagra Street, Victoria, B.C., April 27, 1920.

Not An Officer.

Sir,—I was greatly surprised upon reading the account of the "prohibition meeting" held in St. Andrew's Presbyterian Church on the evening of the 27th instant, to see that my name was included in the list of officers of the reorganized party.

May I say in explanation, that I knew absolutely nothing of the matter, was not consulted in any way by anybody, and have neither the time nor inclination to serve in the position that the party has thus honored me with.

LEONARD TAIT.
Lampson Street School, Esquimalt, B.C., April 28, 1920.

Income Tax.

Sir,—Throughout Mr. F. V. Young's letter appearing in your issue of the 27th instant he centres his arguments on the question of double income tax. The contention of the Duncan Board of Trade in this respect is based on the fact that British settlers in Canada are paying the full British income tax on all British investments and also all the full Canadian war taxes, with the exception of the Dominion income tax, which is negligible as compared with the British income tax. What we desire to emphasize is that British settlers in Canada are not—under the Finance Act 1909-10—granted the same privileges of exemption and abatement as are allowed to their fellow subjects resident in Great Britain. Mr. Young appears to overlook that we are petitioning the British Government to rectify this and are asking the support of the Canadian Government to remedy the injustice which is now recognised by the Royal Commission on Income Tax. British subjects living in Canada actually pay 4 tax of 6s in the pound to the British exchequer on the whole of their British investments, whereas the Federal income tax is only 4 per cent on incomes exceeding $1,000 in the case of unmarried persons and $2,000 in respect of all other persons up to $6,000, and 8 per cent on all incomes exceeding $6,000. On larger incomes, of course, sur-taxes are common to both countries.

We desire, too, to point out that the British income tax is the heaviest war tax in Great Britain, whereas in Canada the income tax is relatively small and only one of many taxes levied for war purposes. Our contention is that British subjects in Canada, in paying the standard rate of British income tax, viz., 6s in the pound, are suffering a grave injustice as under the reciprocal arrangements between the two countries taxpayers can only claim exemption in Canada under the Dominion Income War Tax Act of 1917 up to an amount which shall not at any time exceed the tax otherwise payable to the Federal Government.

We note that Mr. Young is not concerned with the Provincial income tax, but this tax has nevertheless to be paid by British settlers in this Province as well as those referred to above.

C. WALLICH,
A. J. MARLOW,
Special Committe on Income Tax.
Duncan Board of Trade.
Duncan, B.C., April 27, 1920.

Faint and Dizzy Spells Weakess and Shortness of Breath

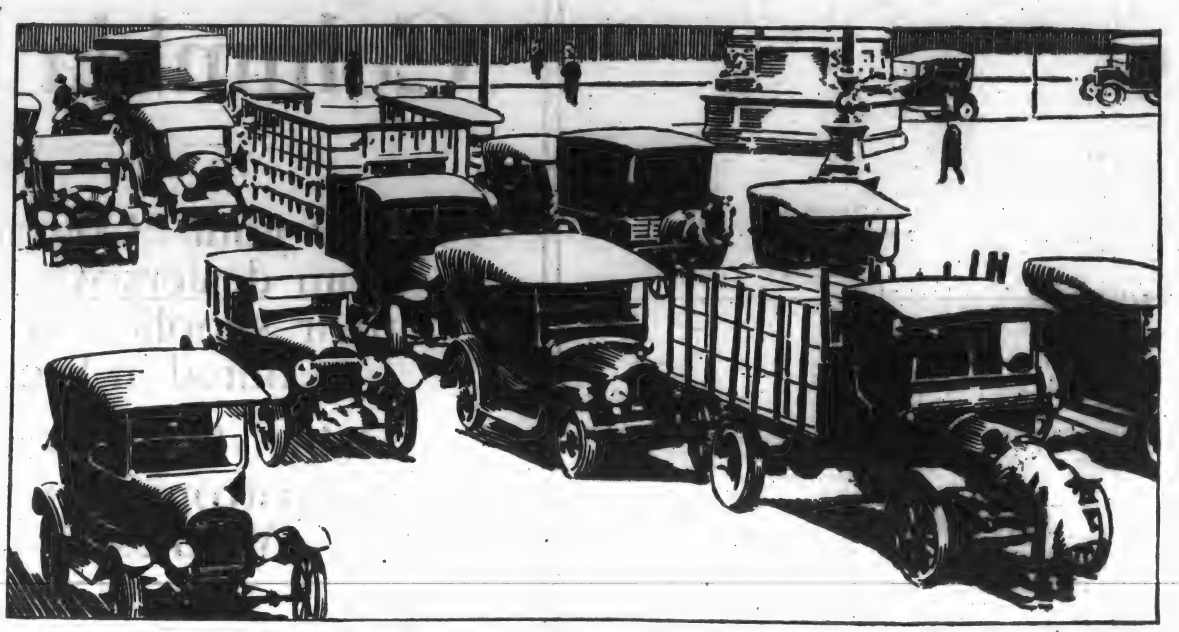

You can generally tell when the heart is affected by the faint and dizzy spells, the shortness of breath, palpitation, throbbing, irregular beating, smothering sensations, weak, sinking, all-gone feeling, choking sensation, etc.

Many men and women become run-down and worn out when otherwise they could be strong and healthy if they would only pay some attention to the first sign of heart weakness.

No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy and normal condition as Milburn's Heart and Nerve Pills.

Mrs. C. A. S. Drake, Paris, Ont., writes: "I have used on towards the second box of Milburn's Heart and Nerve Pills and find they have done me good. I had those fainting, dizzy spells, once in a while, and also weakness and shortness of breath, and would become so choked up at times I could hardly sleep, without sitting up in bed. When walking too fast I would have to stop and try to catch my breath. I feel a lot better since I have used your pills and know that they have helped me wonderfully as I have improved very much."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

A "Dead Engine" in the Warehouse District. Many a truck owner is surprised when he learns that 88.4 per cent. of all "accidents" to the average truck can be predicted from its specifications and the parts from which it is assembled

Has the American Business Man Time to Save Money

GENERAL SAM HOUSTON built an empire in the Southwest, simply by doing the *next thing* every day as it came along.

Reconstruction will probably have to be managed pretty much the same way—*producing* with one hand and *saving* with the other, day after day.

The Packard people do not pretend to authority on any subject except *transportation*. But they *can* show the American business man *records of savings in trucking costs*—10 per cent. in gasoline, 18 to 22 per cent. in time, up to 30 per cent. in ton-mile cost.

They can show him, too, how to apply the same methods to *his own business*.

PACKARD has done away with excess costs in gasoline, not only through the remarkable ability of the Packard Truck Engine, but especially by means of the Packard *carbureter*.

Here is a carbureter built especially to stand the vibration of a truck at work. The float feed positive and *precise*. The carbureter water jacketed and mounted high up on the cylinder *bloc;* so that the gas is warmed by the motor, and fed to the engine ready to flash into power.

Packard does away with excess friction and oil wastage, by the precise and positive *alignment* of parts from end to end of transmission.

It saves oil again by the *close fitting* of pistons and rings—and by preventing loss of oil through drip.

It saves tires by *distribution of load*, by the positive and uniform action of the clutch—in fact, by the engineering design of the *whole Packard rear end.*

Dynamometer tests on Packard Trucks show that the Packard delivers 86 per cent. of *Engine-power* to the rear wheels on *low gear*, and 94 per cent. on *high*.

YOU often hear it said that Americans are too busy *making* money to *save* it.

Yet business men who keep accurate cost figures on Packard, as compared with the average truck, *standardize on Packard.*

Heals Inflamed Nostrils, Stops Catarrhal Discharge, Cures Colds Quickly

Poor remedies have given Catarrh the reputation of being incurable. But it is curable, easily and quickly, if the right method is employed. Snuffing a powder or ointment up the nose won't cure Catarrh, neither will tablets, douching, or stomach medicines cure. These treatments fail because they only affect local conditions, they do not remove the cause, which is germ life established in the lungs, bronchial tubes, and nasal passages. Ordinary remedies do not reach these remote parts, but Catarrhosone does, for it is breathed through the inhaler into every air cell in the lungs, into every air passage in the head and throat. No matter where the Catarrh is Catarrhosone will reach it. It kills the germs, heals sore spots, clears the nose and throat instantly. Universally used; pleasant and clean; guaranteed to cure or money refunded.

Don't be an object of aversion to everyone. You need not. Get Catarrhosone today and use it regularly. It will cure your Catarrh, Bronchitis, Throat Trouble, spitting and gagging. Large size lasts two months, price $1.50; smaller size, 50c; sample size, 25c; at all dealers.

INDIVIDUALISM IS TAKING ROOT

By a Correspondent in The London Times

While the men of science are deciding on the mutability of space, the reality of measurable distances, man on this planet is making a peculiar effort towards establishing his Ego against, not the tyranny of nature, not the storms of the sea or the difficulties of sailing through the air, but the crushing of himself by himself, the avalanche of massed man against the individual.

In the days of his early consciousness the herd had been his protection. By such a support he had found it possible to face the great mystery of the dark world outside his knowledge. He bore awful tyranny rather than act alone. Any staple thing to which he could adhere became his need, any excuse for authority a starting point. Not to feel desolate, he discovered an Almighty and bound himself mercilessly; he anointed a king, and submitted without compromise; he established family laws, state laws, moral laws for one reason, and one reason only; he dared not act alone. By means of this binding, tethered to safety as it were, he was able to build up his civilisation.

In the course of time, however, these supports have become paramount to its structure. He finds himself as a unit subservient to many whose functions had originally been to make individual action possible. Realising the danger, slyly he has begun the cutting of all these bonds, so useful once, so hampering at last, yet so dangerous to loosen. Everywhere we find this insidious snapping of threads hitherto taken for granted as permanent necessities. Men, women, and the adolescent are opening their eyes to the importance of the individual, the wonder of the Ego. The laws that were made to protect have become unprotective; the altruism that was useful, a monstrous burden, which places upon the receiver an unbearable chain. One individualist begins to give a very definite intimation that he will ask no favors and give none.

A woman has taken a seat in our governing assembly because man found that sex restriction was a bond. Originally he was afraid of sex, so he had tied up his female. Tied up, she became a parasite unbearable. "She hath eaten up the vineyard and the spoil of the poor is in her houses." The slave in any form becomes a "Frankenstein" at last. We do not free the slave so much to free him as to free ourselves. Not for the rights of women is she there, but for the rights of man—of the individual.

So we come to a cult, more or less, of the egoist in its finer form. The disparagement of the egoist is foolish, because it is the disparagement of the force that alone has a persistent vitality. The truth of the matter is, that all men as well as being liars, as David said in his haste, are egoists, and it is that quality which makes them akin to divine. You can only think of others adequately when you have perfectly realised yourself. You can only think much of others if you find it possible to think much of yourself. There are, of course, contemptible egoists as there are contemptible liars—petty, inefficient, weak self-lovers who can only help themselves by destroying their neighbors. All poets, prophets, inventors, discoverers, are egoists par excellence; moneylenders, financiers, middlemen, backbiters and parasites are egoists faute de mieux. In both these cases we see self working; the one magnanimously expresses himself, that, with him, a world may see and know and understand—and be filled with the wonder that he finds in the deep wells of his individual soul; the other, finding nothing in his well, goes out to destroy and plunder and fill up his void with pinchbeck accumulations that breed pestilence over the earth. Let no man flatter himself that he is not an egoist. It is only a question of how beautifully or how meanly he can be one.

For a long time the finer egoism in man has been suppressed. This suppression is being lifted. In our homes, in our universities, in workshops, among our servants, the spirit of individualism is taking root, the right of the Ego against any conditions whatsoever. This is the silent revolution. Without party or leaders, without weapons, without influence, and entirely without corruption, this spirit is to be the new force, and man will adjust his place in the mutable universe of which he is a mutable being.

A piece of sugar put in the dark will emit a faint light.

"DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you cannot find a falling hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES

If you know of some one who is troubled with Catarrhal Deafness, head noises or ordinary catarrh, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment.

Sprays, inhalers and patent douches are liable to irritate the delicate air passages and force the disease into the middle ear, which frequently means total deafness, or else the disease may be driven down the air passages towards the lungs, which is equally as dangerous. The following formula, which is used extensively in the damp English climate, is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climate conditions.

Secure from your druggist 1 ounce of Parmint (Double Strength). Take this home and add to it ½ pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Parmint used in this way acts directly upon the blood and mucous surfaces of the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial.

QUESTION OF LABOR IN CHOLBERG YARDS

Deputation From Ex-Service Council Meets Mr. Cholberg to Discuss Question Which Is Agitating Veterans

At a meeting of a deputation of the ex-service Council with Mr. Chris. Cholberg yesterday, Mr. Cholberg suggested to the deputation that the Government should be asked to appoint a man whose duty it would be to see that the agreement as to maintaining an average of 60 per cent of ex-soldiers of all the labor employed in the shipyard shall be amicably carried out. This suggestion will be reported back to their respective organizations by the members of the deputation, who personally seemed to be in approval of it.

The meeting yesterday was the result of much recent freely-expressed dissatisfaction by some members of the ex-service organizations as to the manner in which the shipyard agreement as to the proportion of ex-service men employed was being carried out. The statement has been made at several recent meetings of veterans' organizations that up to date ex-soldiers had mostly been assigned to the lesser paid, laboring jobs in the shipyard; and that the responsible and executive positions were going to outsiders and to men who had not seen service in the war, but who in some cases had had as many as three sons overseas.

While the meeting yesterday was that of a deputation of the ex-service council, and the members of it will directly report back to that council, it is probable that the various organizations represented will deal directly with the matter, in consequence of the lively interest already evinced in it. The deputation comprised Messrs. R. Macnicol, of the Comrades of the Great War; H. J. Young, of the Army and Navy Veterans; Beaumont Boggs, of the British Campaigners; and H. W. Hart, of the Great War Veterans' Association. In addition there were present Mr. S. Harvey Creech, manager of the Provincial Government office of the Employment Service of Canada, and Mr. McCallum, Acting Deputy Minister of Labor for the Provincial Government.

Labor Agent Explains

Mr. Cholberg left most of the talking on his side of the question to Mr. John Day, who occupies the position of labor agent of the shipyard. Mr. Cholberg indicated that Mr. Day possessed his full confidence in this matter; and that what the latter had to say constituted the shipyard position on this question.

The deputation definitely raised the question that certain positions had already been filled in the yard without recourse to the Employment Service office. The agreement with the Dominion Government provides that all labor employed in the yard shall be placed by way of the Employment Service office. Mr. Cholberg takes the position that these men referred to are mostly filling executive positions, and that they consequently do not come within the intention of the agreement. He assured the deputation that he was personally anxious that the ex-soldiers should have a square deal in the matter of the jobs. An explanation was given with regard to the various men whose positions were questioned by the deputation. Mr. Beaumont Boggs expressed himself as satisfied with this explanation.

Mr. Hart said that the importance of this question and of its proper settlement could not be too clearly understood. This shipyard would never have been assisted by the Dominion Government at all, he said, except for the benefit of the ex-soldiers and unemployed of Victoria. It was obvious, he submitted, that unless this question of the conditions of employment was settled there would be protests to Ottawa, and probably a condition of constant trouble in the yard.

Consideration for Returned Men

Mr. Cholberg brought out the fact, and was confirmed in his statement by Mr. Young, that the percentage of returned men to be employed in the yard had been suggested at Ottawa by himself. It had been thought at that time, he said, that fifty per cent ex-soldiers was as large a proportion as it would be possible to find for this work. But Mr. Cholberg had undertaken to accept the condition of employing sixty per cent returned men, of his own motion; and he mentioned this, he said, to show that his heart was in the right place in this matter. The deputation expressed themselves as satisfied that this was so.

Mr. Macnicol raised the question of shop conditions. This was not a matter, he said, that directly came within the terms of their commission as a deputation; but he desired to raise it as a question that had been debated by his own organization, the Comrades of the Great War. Mr. Cholberg let it be definitely understood that he intended to maintain in the shipyard an open shop, subject to the conditions laid down by the Government.

Mr. Cholberg gave assurances that light positions in the yard should be filled as far as possible by disabled veterans. The meeting concluded with assurances on both sides of a desire to see the shipyard in vigorous operation; and the hope was expressed that this result could be obtained with satisfaction to all parties.

UP FOR BUNKERS

The United States Shipping Board vessel Wytheville passed Victoria at 4:30 yesterday afternoon, bound for Comox from New York for bunkers. The steamer, which is being operated by Barber & Co., of New York, will sail for the Orient after procuring coal.

Ocean Falls: Clear, calm, 29.39, 52; smooth; out, Chelhosin, 3 p.m., southbound.

PILOTAGE REPORT IS NOW CONFIRMED

Restrictions to Be Lifted May 6, Deputy Minister Informs Board of Trade

Confirmation of the report that open pilotage is to be declared along the coast of British Columbia is contained in a telegram received yesterday by the Board of Trade from Deputy Minister A. Johnston, of the Department of Marine. The telegram ran:

"Please advise all shipping interests on your board that as a result of failure to conclude a satisfactory working arrangement between pilots in British Columbia waters and this department, it has been decided to make pilotage free in these waters as from May 6 next. It will, therefore, be necessary for all vessel owners and agents to make their own arrangements for any pilotage service they may require. The Department hopes that the adoption of this policy will ultimately prove advantageous to all interests."

The pilots have not yet been officially notified of the change, but say they are prepared to launch their own organization on an independent basis. Possibly the large shipping interests will appoint their own pilots, as is done in other districts subject to open pilotage regulations.

BIG CRANE SHIFTED THROUGH STREETS

Equipment Moved From Ogden Point Piers to V.M.D.—Sixteen-Ton Steel Structure Proves Troublesome Load

The peace of a Wednesday afternoon was broken yesterday by the passage of a big overhead electric crane from the Ogden Point piers to the Victoria Machinery Depot.

The massive steel structure weighed in the neighborhood of sixteen tons and was over forty feet in length. When completely assembled the crane weighs twenty tons. It was used in the interior of the big building on Pier No. 2, Ogden Point, in connection with the outfitting of ships by the Imperial Munitions Board and the Foundation Company, and has been sold by the latter firm to the V.M.D. The equipment will be installed in the foundry at the Bay Street plant and will handle weights up to 10 tons.

The job of moving the big crane was undertaken by Mr. Jos. Heaney. It was placed upon six wheels and six horses commenced the heavy haul which began at 8 o'clock in the morning and ended about 6 in the evening.

The trouble commenced when an attempt was made to get the load around the corner of Government Street and Wharf Street. The wheels stuck on the car tracks and the forty-foot unbending steel structure refused to take the turn. Cars were held up for some time. After backing and turning without avail, an attempt was made to go up Government Street, but the horses slipped and could not make the grade by the Post Office. Finally a motor truck was hitched on, and the whole cavalcade made the hill and reached Fort Street in short order. There the motor truck went out of business and had to be towed off the car tracks. It was eventually revived and aided in holding back the load on the grade down toward the Phoenix Brewery.

The turn into the V.M.D. yard caused a lot of trouble, the back wheels having to be jacked up in order to move the crane around so that it would pass through the gate.

The Victoria Machinery Depot is now doing quite a quantity of work for the ships building at the Harbor Marine Yard. Castings of various sorts are being turned out for these vessels.

Mr. A. J. Bechtel, head of the V. M. D., is now at his desk regularly every day, and states that he is feeling fine in spite of the almost fatal accident suffered by him not long ago.

IMPRISONED MEN ON BOATS AS CHINESE

White Men Held on Cannery Ships by Armed Guards—Registered Under Asiatic Names to Avoid Detention

SAN FRANCISCO, April 28.—White men forced to occupy the Chinese quarters on the Alaska cannery bark McLaurin were given Chinese names on the ship's register in order that investigators might not know that they were being kept with Asiatics in such quarters, the police announced here today. Most of the crew was sent back to Los Angeles, from which port they shipped, in a special car today. The McLaurin was granted a clearance from here today for Bristol Bay.

Tales of how they were fed Chinese rice three times a day, held prisoners by armed Asiatics and denied the money that they said had been promised them here were told the police by the seventy-five members of the crew who were taken ashore in a police navy launch yesterday.

Chinese alleged to be responsible for the McLaurin conditions appeared in police court today to answer to charges of false imprisonment.

According to the police the McLaurin is chartered to the Bristol Bay Packing Company, of Bristol Bay, Alaska.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish High Water from Low Water. Where blanks occur in the tables, the tide rises or falls continuously during two successive periods without turning.

The height is in feet and tenths of a foot, above the average level of lower Low Water.

Esquimalt—To find the depth of water on the sill of the Dry Dock at any tide, add 18.6 feet to the height of High Water as above given.

Freckles and Blotches Are Easily Peeled Off

If you are bothered with any cutaneous blemish, it's a poor plan to use paint, powder or anything else to cover it up. Too often this only emphasizes the defect. Besides, it's much easier to remove the disfigurement with ordinary mercolized wax. Applied nightly, the wax will gradually remove freckles, pimples, moth patches, liver spots, sallowness, red blotches or any surface eruption. The affected cuticle is actually absorbed, a little each day, until the clear, soft, youthful and beautiful skin beneath is brought wholly to view.

Ask the druggist for one ounce of mercolized wax and use this like you use cold cream. Remove in the morning with soap and water. Many who have tried this simple, harmless treatment report astonishing results.

PRESENTATION TO DEPARTING OFFICER

Employees of Engineer's Department, Navy Yard, Make Gift of Silver to Eng.-Lieut. R. H. Wood

Concrete testimony to the popularity of Lieut. R. H. Wood, chief engineer of the Esquimalt Navy Yard for the past nine and a half years, was given by the employees yesterday, when they presented him, on the eve of his departure for Halifax, with a silver salver and tea set, also a bon-bon box.

The presentation took place at noon, in the workshops in the yard, all the employees being present to show their regret at Lieut. Wood's departure and to testify in person the esteem in which they held him. The privilege of handing the gift to the departing officer fell to Mr. C. Wood, the oldest employee of the yard, who, in a felicitous address, bore testimony to the happy relations which had always existed between the recipient and those who worked under his direction in the department. Lieut. Wood's response was couched in appreciative terms, and he expressed his sorrow at having to sever his connection with Victoria. Cheering concluded the little ceremony.

The inscription on the salver presented to Lieut. Wood was as follows: "To Engineer-Lieut. R. H. Wood, Chief Engineer Esquimalt Navy Yard, February 11, 1911, to May, 1920, from all the employees in his department."

JAPAN OUT

The Empress of Japan reached the Outer Docks early last evening from Vancouver, bound out for the Orient, with 400 passengers, including 123 saloon, 50 second-class, and about 200 steerage. The vessel's holds are filled with a varied cargo.

TROUBLE AT PORTLAND

PORTLAND, Ore., April 28. — The refusal of union longshoremen to accept wheat for loading from non-union men employed on the docks caused a delay of four hours in starting the work of loading the 10,000-ton steamer Steelmaker. The loading was started at 1 o'clock in the afternoon with a full crew of non-union men and continued throughout the day.

RECORD HIGH WAGE

CLEVELAND, April 28.—A general opening wage schedule, the highest ever paid, has been adopted by the Lake Carriers' Association, it was announced today. In some cases increases amount to $30 a month.

Able seamen, firemen, oilers and water tenders will receive $130 a month, an increase of $30 over last year. Chief cooks will receive from $145 to $160 a month; boatswains and deck engineers, $140, and other salaries range from $87.50 for coal passers to $100 for second cooks.

VLADIVOSTOK QUIET

SEATTLE, April 28.—Vladivostok, in former years one of the most important shipping centres in the Far East, is as quiet as a deserted village. All overseas steamship companies have withdrawn their vessels, and only one service, a line of Japanese tramp coasters, is left for the once powerful Siberian port, according to advices received in Seattle today by the Pacific Steamship Company from its Vladivostok agent.

VALENCIA'S SAILINGS

According to telegraphic advice just received from the Robert Reford Co., Ltd., Montreal, the S.S. Valencia, assigned to the Cunard Steamship Co. by the British Government, will sail from Bristol May 1, and from Montreal to Bristol May 23. The steamer has a limited number of cabin berths.

Celusa in Collision

SAN FRANCISCO, April 28.—A cabled report that the Pacific Mail S.S. Company's liner Celusa was damaged in a collision within the last few days at Penang, Straits Settlements, was received by the Marine Department of the Chamber of Commerce here today. No details were given.

On Seattle-Norway Run

SEATTLE, April 28.—The Norwegian motorships George Washington and Theodore Roosevelt, of 11,000 tons each, and the Borglind, 9,000 tons, have been ordered into permanent operation between Norway and Seattle, and other Pacific Coast ports, by the Norway-Pacific Line of Christiania, owner of the vessel, it was announced today by Capt. Sverre Crosby, master of the George Washington.

First Lift Today

The first lift at the salmon traps will take place this morning, weather permitting. The season opened last year on April 24, the initial lift bringing less than three thousand pounds of fish.

Dominion Thrift Conference

CALGARY, April 28.—The first Dominion thrift conference will be held in Calgary June 3, 4 and 5. Every women's organization in the country and the Federal and Provincial Governments are being invited to send delegates.

U. S. Steel Case

WASHINGTON, April 28.—The Federal Government today asked the Supreme Court to rehear its dissolution suit against the United States Steel Corporation.

BIRTHS, MARRIAGES, DEATHS

BIRTHS

STEVENSON—Born to the wife of Howard S. Stevenson, 1048 Queens Avenue, April 26, a son.

MARRIAGES

CARPENTER-NEWLANDS—On April 27, at the Presbyterian Church, by the Rev. J. G. Inkster, Jessie Newlands, daughter of Geo. Newlands, Crieff, Scotland, to Albert James Carpenter, son of the late Edgar Carpenter, of Caledonia, Ontario.

DEATHS

ELLIS—Died of pneumonia, at Kyuquot, B. C., on Sunday, April 18, 1920, Amos Henry, 2½-months-old son of Mr. and Mrs. Amos Ellis.

THOMSON—On the 26th inst., at 1032 Fisgard Street, William Charles Thomson, aged 79 years, a native of Scotland, and a resident of Victoria for the past five years. He is survived by his widow and one daughter, Mrs. J. W. Taylor.

The funeral will take place Thursday, April 29th, at 2:30 from the Thomson Funeral Home, 1625 Quadra St. Interment at Ross Bay Cemetery. Funeral private. Vancouver papers please copy. All friends and members of the Masonic Order respectfully invited to attend.

PORTER—On the 28th inst., at the family residence, Vancouver, B. C., Charles Alexander Porter, third son of the late Robert and Alice Porter, born in Victoria, B. C. He leaves to mourn his loss a widow and five children.

Funeral announcement later.

CARD OF THANKS

Mr. and Mrs. W. Halpenny wish to thank all their friends for their kind sympathy during their recent bereavement.

CARD OF THANKS

Mr. and Mrs. W. T. Chapman and family, also Mr. Archie Cameron, wish to thank their many friends for their kind words of sympathy and kindness in many ways, and also for floral offerings during their recent sad bereavement.

IN MEMORIAM

In loving memory of Lieutenant Robert Branks Powell, of the 16th Battalion, Canadian Scottish, fourth son of the late Dr. Powell and Mrs. Powell, of Oakdene, Victoria, who fell in action at Arleux, on the 28th day of April, 1917. "Deeply lamented."

TERMS: A SMALL PAYMENT DOWN AND THE CAR IS YOURS

EXCEPTIONALLY GOOD BUYS

All guaranteed for 30 days

NO. 1—HUDSON touring car, in first-class trim. This car has all new tires with one spare. It is equipped with a 4-cylinder Kellogg tire pump, a real mohair top with side curtains (which have only been used a few times); a speedometer, clock, set of slip covers, which have never been removed since the car was new. The upholstering is real solid leather and is the same as when it came from the factory. The self-starter and electric lights are the best yet manufactured. It has a brand new Exide storage battery, and the car is as good as new throughout. This car has only been owned by one party since it was new and has had exceptionally good care. Car cost when new $3,600, and now is to be sacrificed for $950, on easy terms if desired. This would make an ideal car for the Cordova Bay stage run, or any other stage.

Chevrolet, late model, a snap at	$850
Ford, late model, a real bargain	$650
Ford, late model, 2-seater	$600

SPLENDID BUSINESS OPENING IN CITY

DANDY little store, all fixtures complete, 4 fine living rooms in connection, in a good district, with scarcely any competition. A beautiful piece of land, 75 x 200, all cultivated, fruit trees, small fruits, vegetables, etc. Fine barn for 6 head of stock, chicken houses for 200 birds, other buildings. On account of owner leaving city he is prepared to sacrifice this splendid little property for $2,600, reasonable terms. This is practically a gift as owner once refused $5,000. It will not last long.

OLD ESTABLISHED REAL ESTATE BUSINESS FOR SALE

FIRST-CLASS and well established real estate business for sale cheap; situated in Pemberton Block, good large listing and many big bargains in houses and acreage. Please do not answer unless you mean business. Reason for selling, leaving Victoria for two years. Box 222, Colonist.

FOR Sale—Half interest in two partly developed claims, Stewart district, two miles from wagon road, six miles from rail. Prof. McConnell's report on this property says: "It contains galena... The pure galena carries 80 ounces silver and $2 gold per ton." For particulars, address Box 8552, Colonist.

FOR SALE—An old and well-established grocery and dry goods business, on corner of main thoroughfare; annual turnover $30,000; can be largely increased; dwelling house attached; large grounds. Address Box 8135, Colonist.

FOR Sale—Livery barn and outfit doing good business, known as the Kamloops Livery, or will sell barn separate. Would make an excellent garage. The building is fifty by eighty feet, built of cement blocks, three storys, in good location; terms. For further particulars apply P.O. Box 162, Kamloops, B.C.

FOR Sale—Old established milk route, central, doing 45 gallons, two wagons, horse and dairy utensils. Box 8518, Colonist.

GOOD Business Opportunity—Store to rent at Oak Bay Junction, good location for confectionery, ice cream, soft drinks, etc. No competition; busy centre. Phone 578.

SEND now for free booklet entitled "How to be successful in the real estate business." Macdonald Co-operative Realty Co., San Diego, California, No. 3.

BUSINESS CHANCES 34 (Continued)

BOOT AND SHOE BUSINESS—Occupying splendid central location and doing one of the best and most reliable trades in the city, can be handled with about $6,000. This is a genuinely sound and profitable concern.

GARAGE—Commanding all the worthwhile trade of a prosperous country town. Excellent trade in new cars. Very profitable repair business, and making big money in car hires. Everything goes for $4,000.

GENTS' FURNISHINGS—Wonderfully attractive, up-to-the-minute and well bought stock, magnificently located, right in the hub of the city, with most favorable lease; owner says he can prove by his books that this business is producing substantial profits; $6,000 handles.

LUMBER MILL—Thoroughly up to date in every detail and with unrivalled resources of standing timber; output fifteen thousand per day; splendid transportation; grand opportunity to get into a splendidly profitable business, or would take partner.

MILLINERY—Proof can be given of a net profit of $4,500 a year. Occupies unrivalled location in most central business section of Victoria; fine display windows. Lease for two years at low rent. Established seven years; stock about $10,000.

PRINTING BUSINESS—A complete and modern plant, with an excellent connection; plant would cost $8,000 to install today; everything goes for $4,000, with valuable lease at nominal rent.

WOODWORKING BUSINESS—Capable of extraordinary development, this business commands unlimited trade at great profits, and can be handled for $3,000.

IF you have $10,000 to invest in a lumber mill we can put you next to one of the best propositions in B. C.; an absolutely modern mill, all kinds of standing timber, output is sold for months ahead at big profits.

OAK BAY, IN CHOICE RESIDENTIAL SECTION

VERY superior and attractive eight-roomed residence; entrance hall, living room and den, panelled, beamed, and hardwood floors, two open fireplaces, built-in buffet, sideboard and china cupboards, pass pantry finished in white enamel, fine kitchen and nice bright breakfast room; three large bright bedrooms in white enamel, built-in dressers in clothes closets, front room has dressing room, bathroom in white enamel, clothes chute to basement, separate toilet, fine screened-in sleeping porch; house built day labor and in perfect condition, stands in about half an acre of beautiful grounds, laid out in lawns and flower garden; also vegetable garden with fruit trees, logans, raspberries, currants and strawberries, chicken houses, etc. Price $10,000.

FACING THE Sea—With unobstructed view, splendidly built bungalow of 6 rooms; full cement basement, furnace, built-in features. A delightful home, practically new in every respect, in fact, the whole house has just been painted with two coats of the best paint on the outside and redecorated throughout. The living room is a particularly bright, large room, cheerful open fireplace, and commands a grand view over mountains and sea. Dining room has built-in features; plumbing and furnace are of the best. The lot is large and has cement walks. We consider the price of $3,800 makes this property the best offering on the market and we can offer the easiest of terms.

DALLAS ROAD—Superbly built residence of 10 rooms, hot water heating plant, oak floors, 2 bathrooms, shower bath, etc., water piped into dressing rooms, power vacuum cleaner installed, in fact every labor saving device is found in this home. There are unusual built-in features, such as dressing tables and full length mirrors. The panelling effect in the hall and reception rooms is exceptional; 3 large reception rooms, dining room and spacious entrance hall opening into each other, besides the usual offices are contained in the ground floor. The bedrooms are well lighted and airy. The basement is fully cemented and extends under all the house. There is a well built garage. The view over the Straits and Olympic Mountains can never be obstructed. This house cost $15,000 to build, when building was reasonable. Now we can offer the whole property for the price of $10,500. If you have been looking for an elaborate and perfect home you have found it here.

ESQUIMALT—On large lot, a modern 4-room bungalow, built-in buffet, panelled hall and living room, linen room, bath and pantry; full basement; garden nicely fenced. Owner leaving city, will sacrifice for $3,500, on terms.

OAK BAY, NEAR CAR AND SEA—7-room up-to-date semi-bungalow, nicely treed lot. The whole tone of this house is homelike and comfortable; exceptionally well constructed, which means economy in fuel, and good health for the family. This is the last chance to secure a real home in this favored district at a reasonable price, $5,500, less than builders' cost.

$2000 WILL purchase the neatest and most attractive little home on the Island; situate just outside city limits, with low taxes. There is a smart little reception room, tinted and finished in leatherette; two nice bedrooms, kitchen and pantry, all smart and clean as a new pin; front and back veranda, water and light in house, garden in perfect shape with all kinds of roses, flowering plants, strawberries and vegetables, and a nice lawn; well constructed chicken houses, wood shed, etc.; within easy reach of transportation.

FOUR-ROOM BUNGALOW, ALL KINDS of built-in features, sideboard, etc., bath, hot and cold water, cement foundation, well built and plastered, fine garden of ¼ acre, delightful location adjoining city, low taxes, exceptional value; $1,500.

FAIRFIELD SPECIAL

YOU are looking for a real comfortable, cosy, warm, new and well built house, reasonable price, and one on which no money will have to be spent on repairs for a long time. We have the place you are looking for, in one of the best parts of the Fairfield district, handy to town, close to school and street car, and we invite your inspection.

Description—Downstairs there is a very nice little reception hall, beamed and panelled, with cloak room. Den is panelled in leatherette and has open fireplace, built-in bookcase. Drawing room has large sliding doors, beamed ceilings and open fireplace. Dining room is large, is beamed and panelled, with lovely built-in buffet. The kitchen is very large and bright and contains built-in shelves and cupboards with glass doors, bins, ironing board, wood lift, etc. There is also a very nice larder and cooler, and back veranda.

Upstairs there is hallway with window seat at stairway landing, three large bedrooms, each of which have clothes closets with window lights. One small bedroom with large dressing mirror on door. Bath and toilet, finished in white enamel with linen chute.

Basement is fully cemented and has fruit room, coal bins, toilet, cement floor, hot air furnace, and the indispensable laundry tubs.

The lot is 55x141, with nice lawn in front of the house, concrete walks, kitchen garden at the rear, with small fruits, etc., also a chicken run.

The price of this desirable property is only $7,900, and we shall be glad to furnish further particulars and show it to you at any time.

ATTRACTIVE INVESTMENT

GENUINE, sound investments at the present time are very hard to pick up, and we believe in this that we are affording someone a unique opportunity to invest their money soundly and at a high rate of interest return. Owner leaving the city, offers a waterfront property with four (4) well built and attractive modern bungalows in first-class condition inside and out. Since being built five years ago these bungalows have not been vacant a day and are rented at $25 per month each, which, after paying taxes, leaves a net return of 17½ per cent. Space on property on which two additional houses can be built. Grounds nicely terraced and laid out in flower gardens, and close to street car. Further particulars on application. Price $6,500, with $3,000 cash and balance can remain on mortgage at 7 per cent.

1 ACRE on 3-mile circle—Good 3-room house and 2 barns; all heavy bottom land; close to transportation. Being sold for less than the mortgage. Price, on terms, $1,600.

2½ ACRES, of which 1-3 of an acre is in bearing orchard, together with rhubarb, loganberries, strawberries and garden; substantial 3-roomed house, with woodshed, stable and chicken houses; good well with tank. Balance of land cleared and ready to be planted to garden or small fruits. On good road, bus line passes the door, and within 10 minutes' walk of B.C. Electric Station. Price $2,600.

AN exceptionally well built and attractive country home, comprising 4 acres, with 6-roomed modern bungalow, bath and toilet, electric light; large lawn with some fine shade trees; barn and stable, chicken houses, Chinaman's house, small orchard and garden; close to school, church, B.C. Electric, and in good locality. Price $6,000.

NOTICE

The Victoria-Saanich Beaches and Parks Committee is considering the desirability of granting a refreshment concession at Mount Douglas Park, in the vicinity of the junction of Ash and Cedar Hill Roads, for this year. Full propositions from parties interested will be received by the undersigned up to 3 p.m. on Friday, April 30th.

KATHLEEN O'ROURKE,
Secretary of Committees.

City Hall, April 16, 1920.

CORPORATION OF THE DISTRICT OF SAANICH

The Council of the Corporation of the District of Saanich are prepared to receive an offer of three acres of land for a site for the "Saanich War Memorial Health Centre." Tenders to be submitted to the undersigned not later than noon, May 8th, 1920.

HECTOR S. COWPER,
C.M.C.

Royal Oak P.O.

CORPORATION OF THE CITY OF VICTORIA, B.C.

Tenders for Painting the Home for Aged and Infirm

Tenders, sealed, endorsed and addressed to the undersigned will be received up to 4 p.m., on Monday, May 3rd, 1920, for the painting of exterior of the Home for Aged and Infirm as per specifications, copy of which can be obtained from the Building Inspector.

The lowest, or any tender, not necessarily accepted.

JAS. L. RAYMUR,
Purchasing Agent.

City Hall, Victoria, B.C., April 20, 1920.

LOCAL EXCHANGE

Local banks yesterday quoted sterling as follows: Buying at $4.13¾; selling at $4.25½.

STOCK MARKET OPENS WITH HEAVY SELLING

Prices Are Forced Downward by Pressure From Shorts and Longs—Rally Is Made Near Close of Session

NEW YORK, April 28.—The stock market was under almost continual pressure today, extensive selling for both accounts, but mainly the short interest, forcing many active issues under lowest prices of the previous week.

Professional traders made the most of such unfavorable factors as tighter money, the failure of the U. S. Steel directors to increase the common dividends and the more discouraging industrial situation arising from the railroad strike. There seemed also to be some apprehension regarding possible labor disturbances rumored for the week-end.

Further suspension of operations at leading manufacturing centres, as reported in Iron Age, referred to the "great blow" to the steel trade, caused by congested railroads throughout the Middle West.

The general list registered lowest prices of the session in the final hour, when it became known that the federal authorities had petitioned the Supreme Court to reopen the dissolution suit recently decided in favor of the United States Steel Corporation.

Extreme declines of 2 to 17 points were largely retrieved before the end, however, the rally following a drop in call loans from 10 to 8 per cent, and a substantial recovery in foreign exchange and the London rate. The market closed with a steady tone on urgent covering of short contracts. Sales amounted to 1,325,000 shares.

Rumors of a probable merger of several independent steel companies, including Bethlehem, Lackawanna and Midvale, were again current, but lacked confirmation. Additional stock dividends were announced by several industrial concerns.

Liberty bonds and Victory Notes closed at nominal gains and recessions. Total sales, par value, $14,750,000. Old U. S. bonds were unchanged on call.

TENDERS WANTED

SEALED TENDERS addressed to the undersigned, registered and endorsed on the envelope, "Tender for Indian Boarding School, Stuart Lake, Province of British Columbia," will be received up to noon of Tuesday, May 25th next.

Plans and specifications may be seen at the office of R. H. Cairns, School Inspector, Vancouver; W. E. Ditchburn, Chief Inspector, Victoria; Charles C. Perry, Indian Agent, Prince Rupert; R. E. Loring, Indian Agent, Hazelton, B.C.; Post Office at Calgary and Edmonton, and at the Department of Indian Affairs in Ottawa.

Each tender must be accompanied by an accepted cheque on a chartered bank for 10 per cent of the amount of the tender, payable to the order of the undersigned, (war bonds of the Dominion will also be accepted as security or war bonds and cheque if required to make up an odd amount), which amount will be forfeited if the person or persons tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for.

The building to be fully completed and ready for occupation by the first day of May, 1921.

The lowest or any tender not necessarily accepted.

The unauthorized insertion of this advertisement in any newspaper will not be paid for.

DUNCAN C. SCOTT,
Deputy Superintendent-General of Indian Affairs.

Department of Indian Affairs,
Ottawa, April 16, 1920.

The "Sellers" Kitchen Cabinet

Has a Place for Everything Is Made in Canada and Therefore Costs You Less

—The "Sellers" Kitchen Cabinet is, without a doubt, the most perfect time-saving and labor-saving Kitchen Cabinet made for Canadians today, and a veritable treasury of convenience for the busy "housewife."

—You open the left hand door to find a metal flour container that holds the contents of a 49-lb. sack. This container, hung by an ingenious attachment, may be lowered to table height, filled, and then returned to its regular position as easily as it was lowered.

—There is also a glass sugar retainer that fills from the top, and is fitted with an attachment at the bottom that allows you to withdraw any quantity of sugar desired.

There are metal racks, drawers and cupboards, a sliding bake board of spotless white enamel that will not rust or tarnish; gravity catches close every door, and the drawers are fitted with crystal glass pulls. The wood is Eastern hardwood, finished in natural, golden brown, and the interior of drawers and cupboards are finished in white enamel.

A perfect Kitchen Cabinet at prices rangingfrom $75.00 to $105.00.

—Call and see them.
